## SUMMARIES OF AMENDMENTS AND COMMITTEE SUBSTITUTES

### HOUSE BILLS

**H 12. [STOP METHAMPHETAMINE LABS \(NEW\)](#).** Filed 1/27/11. House committee substitute rewrites 1st edition in its entirety and changes the bill title accordingly.

Section 1 states the intent of the General Assembly to continue efforts to regulate the sale of pseudoephedrine products that are used to manufacture methamphetamine.

Section 2 amends Article 5D of GS Chapter 90 to add a new section (GS 90-113.52A) increasing regulation of pseudoephedrine by requiring retail sellers of this product to submit certain information to the National Precursor Log Exchange (NPLEx) administered by the National Association of Drug Diversion Investigators (NADDI) prior to completing the sale. Retailers without Internet access are not subject to this reporting requirement, nor does it apply if there is a charge assessed for accessing the system. If the NPLEx generates a

stop alert at the time the retailer enters required information into the system, the retailer cannot complete the sale. States that qualified immunity from civil liability for use of the NPLeX system is available absent negligence or wanton, recklessness, or deliberate misconduct. Retailers not able to comply with this reporting requirement due to mechanical or electronic failure are required to record the sale of pseudoephedrine in the record of disposition required under GS 90-113.52. Requires NADDI to provide the State Bureau of Investigation (SBI) with transaction records reported in NPLeX on a weekly basis pursuant to a memorandum of agreement executed between NADDI and the SBI. The NPLeX system is required to have a stop sale alert to notify the retailer during a particular sales transaction if the quantity limits established under GS 90-113.52 have been exceeded. Requires the system to also contain an override function to allow dispensing of the product if there is a reasonable fear of imminent bodily harm if the sale is not completed. Utilization of the override function must be reported in the NPLeX system.

Section 3 amends GS 90-113.56 to add violating the NPLeX reporting requirement to the offenses punishable under that statute.

Section 4 requires the SBI to determine the number of methamphetamine laboratories discovered in this state during each calendar year and to report those findings to the Legislative Commission on Methamphetamine Abuse beginning March 1, 2012, and annually thereafter.

Section 5 directs the Legislative Commission on Methamphetamine Abuse to study the implementation of the legislation and the potential costs of making pseudoephedrine products Schedule III controlled substances. The Commission is authorized to make an interim report to the 2012 regular session and directed to make a final report and recommendations to the 2013 regular session.

Sections 2 and 3 become effective January 1, 2012 (Section 3 applies to all criminal offenses occurring on or after that date) and the remainder of the bill is effective when it becomes law.

Sentencing

**H 36. EMPLOYERS/GOV. CONTRACTORS MUST USE E-VERIFY**. Filed 2/3/11. House amendments make the following changes to 3rd edition. Amendment #1 clarifies that the requirement to register and participate in E-Verify to verify the work authorization of new employees does not apply to an entity that employs solely seasonal employees, as detailed.

Amendment #2 directs the district attorney to forward any complaint that an employer is violating the act to the Attorney General. Directs the Attorney General to bring action, as detailed, for violations of the act (previously directed Attorney General or district attorneys to bring action). Makes conforming changes.

**H 66. GREENE COUNTY COMMISSIONERS**. Filed 2/9/11. House committee substitute, reported in on 6/7/11, makes changes to the first edition. Adds list of districts in Greene County within which elections will be conducted. Specifies that election districts may be revised based on Census returns, beginning with the 2020 Census. Requires the county commissioners to submit changes required by this act to the U.S. Department of Justice pursuant to Section 5 of the Voting Rights Act of 1965.

**H 125. OPT. 2ND PRIM. VOTE & SUFF. BALLOTS (NEW)**. Filed 2/17/11. House committee substitute makes the following changes to 1st edition. Clarifies proposed GS 163-111(e1) to provide that a county board of

elections may file a plan with the State Board of Elections (Board) for approval to open only those one-stop sites approved under GS 163-227.2(g) during a potential second primary. Such plan must be approved and sent to the Board at least 90 days before the first primary. Directs that the plan must provide for education of the voters as to the one-stop sites to be open during the second primary, and must provide notice of the second primary sites in any legal notice, as required, prior to a primary. Enacts new subsection (e) to GS 163-165.3 providing that the Board ensure that a sufficient number of ballots are provided for all primaries and elections. Details and defines what constitutes a sufficient number of ballots. Directs the Board not to promulgate rules mandating that ballots equal to 100% of the number of registered voters be provided in each official election.

Changes title to *AN ACT TO PERMIT COUNTIES TO OPEN ONLY APPROVED ONE-STOP SITES FOR A SECOND PRIMARY AND TO REQUIRE THE PROVISION OF A SUFFICIENT NUMBER OF BALLOTS FOR EACH ELECTION THAT IS NO LESS THAN TWENTY-FIVE PERCENT GREATER THAN THE VOTER TURNOUT IN THE MOST RECENT ELECTION WITH SIMILAR BALLOT ITEMS.*

**H 218. [LEGISLATIVE TASK FORCE ON CHILDHOOD OBESITY](#).** Filed 3/2/11. Senate committee substitute makes the following changes to 1st edition. Changes the reporting deadlines for the Legislative Task Force on Childhood Obesity to require submission of an interim report to the 2012 regular session, submission of a final report and recommendations to the 2013 regular session, and termination of the Task Force on February 1, 2013 (or upon filing of its final report, whichever occurs first).

General Assembly; Children and Juvenile Law; Health, Social Services, and Aging

**H 232. [SAFE DRIVER INCENTIVE PLAN CHANGES](#).** Filed 3/3/11. House amendment makes the following changes to 1st edition. Amends GS 58-36-75(f) to provide that speeding violations for which there will be no premium surcharge or assessment of points under the safe driver incentive plan will be speeding 15 miles per hour or less over the speed limit and not in excess of 80 miles per hour (was, only 15 miles per hour or less over the speed limit). Makes conforming change to the bill title.

Transportation

**H 300. [ELECTION FAIRNESS ACT OF 2011](#).** Filed 3/9/11. House committee substitute makes the following changes to 1st edition. Deletes amendments to GS 163-165.(c). Changes amendment to GS 163-165.6(d) to restore existing law prescribing the order in which candidates appear on general election official ballots (this subsection deleted in 1st edition), but deletes requirement that nominees of political parties appear on the ballot in alphabetical order by political party. Adds new subsection (d1) to GS 163-165.6 to require that the order in which political parties appear on general election official ballots will rotate every four years. Amends effective date to require that political parties not listed first in the last statewide general election will be listed first in the next applicable election conducted after January 1, 2012.

Deletes amendment to GS 163-19, and deletes provision repealing GS 163-182.1(a)(7).

Makes conforming changes to the title.

Elections Law

**H 346. [ELECTIONS OMNIBUS \(NEW\)](#).** Filed 3/14/11. House committee substitute makes the following changes to 1st edition. Rewrites GS 163-278.7(f) to provide that every treasurer of a candidate campaign committee, as defined, that files its organizational report after the time for filing notice of a candidacy has opened for the election for which that candidate has filed, or after the time that candidate qualifies to be on the ballot for the general election, must participate in training as to the duties of the office within 45 days of appointment and at least once every four years thereafter.

Amends GS 163-98 to provide that when a candidate is nominated, the board of elections with jurisdiction over the election must issue a notification to the candidate stating: (1) the organizational report, as required, must be filed with the Board no later than the tenth day following the day the candidate files notice of candidacy or the tenth day following the organization of the political committee, whichever occurs first, and a late fee of \$250 per day will be assessed for each day the filing is not so filed and (2) every treasurer of a political committee must participate in treasurer training required under GS 163-278.7(f). Makes similar changes to GS 163-106, GS 163-114, GS 163-122, and GS 163-123.

Amends GS 163-278.9(a)(1), removing the provision stating that a candidate who has not filed the organizational report within the required time period is not eligible to be placed on the ballot. Adds language to provide a \$250 per day penalty if the organizational report is not filed within the required time frame.

Enacts new GS 163-124 to provide that no individual is eligible to run for two separate offices during a general election, unless one of the offices is the remainder of the unexpired term for an office that requires an election to fill the unexpired portion of the term.

Amends GS 163-230.2(a) to add additional language directing the State Board of Elections to create a uniform absentee ballot request form that can be accessed from the Board's website. Provides that contents of the absentee ballot, except the signature, may be filled out electronically.

Directs the Joint Legislative Elections Oversight Committee to study the feasibility and applicability of requiring electronic filing of all reports required to be filed with the State Board of Elections under GS 163-278.9. Provides reporting requirements.

All of the above provisions, except the provision relating to the study, are effective January 1, 2012, and apply with respect to elections held on or after that date.

Elections Law

**H 351. RESTORE CONFIDENCE IN GOVERNMENT.** Filed 3/14/11. House committee substitute, reported in on 6/7/11, makes the following changes to the 2nd edition.

Clarifies that despite the photo identification requirement for voting in person, any voter without photo identification must be allowed to vote a provisional official ballot. Deletes proposed GS 108A-31.1 regarding eligibility for assistance under the Work First program. Instead directs the Department of Health and Human Services (DHHS) to make the following changes to the Work First Program, applicable to Standard and Electing counties, except where prohibited by federal law: (1) include a requirement in all Mutual Responsibility Agreements (MRAs) that all Work Eligible Individuals must engage in four hours per month of Community Service activity *or* the maximum amount of Community Service hours allowable under the Fair Labor Standards Act, whichever is less and (2) require any individual participating in Job Search/ Job Readiness for four consecutive weeks to participate in the Community Service work activity for more than the mandatory four hours included in that individual's MRA but not in excess of the maximum allowable hours under the Fair Labor Standards Act. Provides that this additional Community Service requirement ceases when Job Search/ Job readiness activities terminate. Sets a 12-weeks-in-a-year limit on Job Search/ Job readiness activities as state countable activities, with no more than eight weeks being consecutive.

Additionally provides that any benefits recipient meeting the definition of *disabled* under the Americans with Disabilities Act (ADA) must be provided reasonable accommodations, which may include exemption from the Community Service requirement. Effective October 1, 2011. Applies to MRAs entered into on or after that date. Provides that all changes which necessitate a change in the Work First Program State Plan will be effected by temporary rule until the next State Plan is approved by the General Assembly.

Current law requires DHHS to consider resources that can readily be converted to cash in assessing a recipient's eligibility for all public assistance programs. Directs DHHS to exempt only one vehicle owned or leased per household when considering those resources that can be readily converted to cash except where prohibited by federal law. Provides that this exemption cannot exceed \$15,000 and that if any vehicle has a greater fair market value than \$15,000, the amount in excess of \$15,000 is considered a resource that can readily be converted to cash. Effective October 1, 2011.
