House committee substitute makes the following changes to the 4th edition.

Amends GS 62-10(a), effective July 1, 2013, to reset the membership of the North Carolina Utilities Commission (Utilities Commission) at seven commissioners (was, reduced to five). Provides that the Governor's appointments to the Utilities Commission must have at least five years of progressively responsible experience and demonstrated competency in one or more of five specified areas. Expands the lists of areas to seven to include (1) engineering and (2) renewable energy.

Effective July 1, 2015, further amends GS 62-10(a), as amended, to provide that the Utilities Commission is to consist of five members, instead of seven, which reflects the reduction in terms and number of commissioners provided in amended Section 2.5(c) of this act.

Section 2.5(c) provides that the terms held by commissioners serving as of January 1, 2013, for terms of office that expire on June 30, 2017, will instead expire on June 30, 2015. Also provides that any confirmed appointee filling the unexpired term of a position as commissioner as of January 1, 2013, will expire on June 30, 2015, instead of June 30, 2017. Eliminates, on July 1, 2015, two of the positions vacant as of July 1, 2015, to reduce the number of commissioners as required in Section 2.5(b), as amended.

Section 2.5(d) directs the Governor to submit two names subject to confirmation by the General Assembly for seats on the Utilities Commission that begin on July 1, 2013, and expire on June 30, 2017 (was, required the Governor to submit names of appointees for two positions to expire on June 30, 2015, and two positions to expire on June 30, 2017). Requires that the Governor's appointees conform to all of the requirements of GS 62-10, including the requirements enacted by Section 2.5(a) of this act as amended. Except as indicated, effective when the act becomes law.

Amends Section 2.3(b) regarding the transition of the membership of the Environmental Management Commission (EMC) to provide that except as otherwise noted in the section, the terms of all members serving on the EMC on January 1, 2013, expire April 15, 2013 (was, expire March 15, 2013).

Amends GS 97-77(a) to provide that only persons licensed to practice law in North Carolina are eligible for membership on the North Carolina Industrial Commission (NCIC).

Specifies the schedule on which the terms of members of the NCIC, serving as of January 1, 2013, will expire.

Deletes changes to GS 7A-752 which authorized the Governor to appoint the Chief Administrative Law Judge (Law Judge) of the Office of Administrative Hearings, subject to confirmation by the General Assembly. Makes conforming changes to GS 7A-753 and GS 7A-760(a). Provides that each administrative law judge (ALJ) appointed under GS 7A-753 is to serve a term of four years and amends GS 7A-760(a) to provide that ALJs appointed under GS 7a-753 are exempt from the provisions of the State Personnel Act. S 151 (2013-2014) **COASTAL POLICY REFORM ACT OF 2013**. Filed Feb 28 2013, *AN ACT TO AMEND MARINE FISHERIES LAWS; AMEND THE LAWS GOVERNING THE CONSTRUCTION OF TERMINAL GROINS; AND CLARIFY THAT CITIES MAY ENFORCE ORDINANCES WITHIN THE STATE'S PUBLIC TRUST AREAS.*

Amends GS 143, Article 21, Part 2A, *Registration of Water Withdrawals and Transfers; Regulation of Surface Water Transfers*, by creating a new subsection GS 143-215.22L(v), *Modification of Certificate*. This new subsection provides for the modification of previously issued interbasin water transfer certificates and petitions for the transfer of surface water.

The Department of Environment and Natural Resources (Department) and the Environmental Management Commission (Commission) can make the following modifications only after providing electronic notice to identified, interested parties: (1) typographical error corrections; (2) clarifications of existing conditions or language; and (3) updates to conservation, drought management or compliance and monitoring plans. The Commission has the authority to make other modifications it deems are minor only after providing electronic notice to identified, interested parties.

Holders of interbasin water transfer certificates may request modifications by the Commission in line with the following procedures:

(1) Certificate holder (holder) must be in substantial compliance and the certificate must have been issued pursuant to GS 162A-7, 143-215.22I, or 143-215.22L.(2) Holder must file a notice of intent for a notification which includes nontechnical descriptions of holder's request and proposed water source. (3) Holder will prepare an environmental document, pursuant to GS 143-215.22L(d).(4) Upon satisfaction that submitted documentation is adequate, the Department will publish notice of the modification request in the NC Register as well as hold a public hearing at a location convenient to both the source and receiving river basins. The Department will provide notice of the hearing in the Environmental Bulletin, a newspaper of general circulation in the source river basin and in the receiving basin, and as provided in GS 143-215.22L(c)(3). (5) Department will accept comments on the requested modification for at least 30 days following the hearing. (6) The Commission or Department can require the holder to provide additional information reasonably necessary to make a final determination. (7) The Commission will make a final determination on the requested modification based on the factors found in GS 143-215.22L(k) and by reviewing any other information the Commission deems relevant. The Commission will state in writing its findings of fact and conclusion. (8) The Commission will grant the requested modification if it finds the holder

established by a preponderance of the evidence that the modification satisfies the requirements of GS 143-215.22L(m). However, the Commission can grant the modification in whole, in part, or deny the request, as well as impose limitations and conditions as it deems necessary and relevant. (9) The Commission will not grant a modification if it would result in the transfer of water to an additional major river basin.

Coastal area counties can also petition for a certificate to transfer surface water to supplement ground water supplies in the 15 counties designated as the Central Capacity Use Area or to transfer surface water withdrawn from the mainstem of a river to provide service to one of the coastal area counties. The procedures by which a determination on the petition will be made are identical to procedures 2-9, as outlined above for requests for modifications.

Also amends GS 143-215.22L(a)(1), instances where a certificate is required for transfer, adding the requirement that measurements of daily water transfers are calculated as a daily average. If the average exceeds 2 million gallons a certificate is required, and no transfer can exceed 5 million gallons in any one day, regardless of daily average, without requiring a certificate. Deletes GS 143-215.22L(a)(2), language stating that an increase of 25% or more above the average daily amount transferred during the year ending July 1, 1993, if the total transfer, including increase, is 2 million gallons or more per day.

Amends GS 143-215.22G(1) (Definitions), adding and defining *public water system* and *mainstem*.

Amends GS 143-215.22L(g), *Petition*, adding new language and deleting old language clarifying the description information that should be included in a transfer petition. The new language states petition should include a general description of the facilities being used including current and projected areas to be served by the transfer, current and projected capacities of intakes, and other relevant facilities (was, description including the location and capacity of water intakes, pumps, pipelines, and other facilities).

Makes clarifying and conforming changes in line with the newly defined terms above.

Amends SL 2011-298, making technical and conforming changes.

Amends SL 2011-298(4b), stating that section 1 of SL 2011-298 will expire if cumulative volume of water transfer from one river basin to another to supplement ground water in the Central Coast Plain Capacity Use Area, on or after August 31, 2007, exceeds 20.3 million gallons a day (was, expires if the transfer by any person that does not hold a certificate for an interbasin transfer on or before the effective date of this act exceeds 8 million gallons per day).

Amends SL 2007-518, deleting majority of Section 7 (concerning isolated river basins), only leaving language that states this act becomes effective when law and applies to any petition for a certificate of transfer of surface water from one river basin to another first made on or after that date.

Amends GS 153A (Counties) and GS 160A (Cities and towns) by adding new sections GS 153A-145.1 and GS 160A-203, both titled *Structures on public trust ocean beaches*. Provides in both new sections that when there is reasonable cause to believe certain structures, fixtures, or debris violates the public trust rights of the people of the state or legal right of access to public trust areas, a civil action may be instituted by a city or county for injunctive relief.

S 154 (2013-2014) **AUTOMOBILE INSURANCE REGULATORY MODERNIZATION**. Filed Feb 28 2013, *A BILL TO BE ENTITLED AN ACT TO ALLOW NORTH CAROLINA CONSUMERS TO ENJOY THE BENEFITS OF ENHANCED COMPETITION IN THE AUTOMOBILE AND MOTORCYCLE INSURANCE MARKET AND TO RESTORE FAIRNESS BY ENDING SUBSIDIES FOR HIGHER RISK DRIVERS*.

Adds a new Article 37A in GS Chapter 58 to allow certain types of motor vehicle insurance filings to take effect on or after the date they are filed. Applies to filings for nonfleet private passenger motor vehicle insurance rates made by an insurer that provides for an overall statewide rate increase or decrease of no more than 12% when aggregated for all policyholders and all coverages subject to the filing. Insurers may only make one rate change during any 12-month period using this expedited

process unless the combination of all rate changes during the 12-month period do not result in an overall increase or decrease of more than 12%. If the rate filing provides for an overall statewide rate increase or decrease greater than 12%, the filing may not be expedited under Article 37A but rather remains subject to Articles 40 and 41.

A filing under the expedited procedure in Article 37A is deemed approved by the Commissioner of Insurance upon filing. The Commissioner may subsequently disapprove of the filing after conducting a hearing and issuing a written determination that the filing is excessive, inadequate, or unfairly discriminatory. If the Commissioner disapproves of the filing, the decision is not retroactive and does not affect any insurance contracts issued or made before the effective date of the order. Makes conforming changes to GS 58-40-30 and GS 58-41-50.

Adds a new Article 36A in GS Chapter 58 to provide that by January 1, 2015, insurers writing nonfleet private passenger motor vehicle insurance (as defined in new GS 58-36A-1) may choose to develop rates and forms subject to either Article 36 or Article 40 and new Article 37A. Makes conforming changes to GS 58-40-15.

Amends GS 58-3-25, which prohibits certain types of insurance discrimination. Removes the prohibition on basing any standard or rating plan for private passenger automobiles or motorcycles, in whole or in part, directly or indirectly, upon the age or sex of the persons insured.

Adds new GS 58-40-17 to allow insurers to adopt rules allowing an insured with more than four private passenger motor vehicles to be covered under a nonfleet private passenger motor vehicle policy that is subject to Article 40.

Adds new GS 58-40-150 to allow an insurer to take action if an applicant for a nonfleet private passenger motor vehicle policy knowingly makes a material misrepresentation related to the the experience or driving record of insureds or other operators.

Adds new GS 58-40-145 to provide that Article 40 does not apply to certain types of insurers, specifically to any town or county farmers mutual fire insurance association with limited operations and certain insurers doing business in the state on the assessment plan. Adds new GS 58-37A-15(a) exempting the same categories of insurers from new Article 37A.

Adds new GS 58-37A-15(b) to provide that GS 58-36-90 (related to prohibitions on using credit scoring in rating) and GS 58-36-95 (related to estimates based upon the use of nonoriginal crash repair parts) apply to insurers that elect to develop private passenger auto and motorcycle rates and forms pursuant to new Article 37A.

Amends GS 58-37-35, which relates to the North Carolina Motor Vehicle Reinsurance Facility (Facility). Under current law, Facility reinsurance rates must be calculated on an actuarially sound basis except that "clean risks" must not exceed rates charged to "clean risks" who are not reinsured in the Facility. The changes to the section would phase out the differential in rates for "clean risks" over five years. The change would be effective January 1, 2014. Another change would amend the same statute again effective January 1, 2019, to remove all of the provisions related to clean risks in the statute.

Directs the Facility to report to the Joint Legislative Commission on Governmental Operations on or before October 1, 2016 (and again by October 1, 2018) on the impact of the legislation on the Facility's market share.

Effective January 1, 2015, unless otherwise indicated.

S 155 (2013-2014) [HORTON INDEPENDENT REDISTRICTING COMMISSION](#). Filed Feb 28 2013, <p>*A BILL TO BE ENTITLED AN ACT TO AMEND THE NORTH CAROLINA CONSTITUTION TO ESTABLISH THE HAMILTON C. HORTON JR. INDEPENDENT REDISTRICTING COMMISSION.*</p>

Proposes constitutional amendment effective January 1, 2015, to create an independent redistricting commission.

Amends Section 3 (senate districts; apportionments of senators) and Section 5 (representative districts; apportionment of representatives) of Article II of the North Carolina Constitution to provide that the Independent Redistricting Commission, created in this act, revise Senate and House districts and apportionment of Senators and Representatives among those

districts so that the districts meet the following goals to the extent possible: (1) compactness, to avoid elongated and irregularly shaped districts, (2) one person, one vote to ensure each voter's vote, and (3) minimizing the number of split counties, municipalities, and other communities or interest.

Constitutional amendment to Article II adds a new Section 25 providing for a 11-member Hamilton C. Horton, Jr. Independent Redistricting Commission (Commission), four members each from the two largest political parties and three unaffiliated with either major party. Prohibits more than two members from residing in the same county and requires racial, ethnic, geographic and gender diversity. Excludes anyone or any family member who has been a candidate for or served in public office in the last five years or has been a party official or employee or a lobbyist. Provides additional details on the Commission composition.

New GS 163-207.1 sets out procedure for selection of members to the redistricting Commission. Sets out nominating process for selecting screening panelists. Creates 10-member screening panel of current or retired county election board members and directors responsible for establishing a pool of 55 nominees for the Commission, with 20 nominees each registered with the two major political parties in North Carolina. President Pro Tempore, Speaker and Minority Leaders in both houses then get to strike up to two nominees each. Commission members are then chosen by lottery by the State Board of Elections (State Board) from political party and unaffiliated subpools. If three of four legislative leaders object to Commission for lack of diversity, the State Board goes to another round of random drawings, with a limit of three drawings.

Constitutional amendment to go on ballot at November 2014 general election.

Identical to [H 172](#), filed 2/27/13.

Amends GS 120-103.1, giving the Legislative Ethics Committee (Committee) authority to initiate investigation proceedings after receiving a signed and sworn allegation of unethical conduct by a legislator. Adds new subsection GS 120-103.1(a2), requiring the Committee to immediately issue written notice, after receiving a complaint, referral of a complaint, or beginning an inquiry on its own motion, to the legislator who is the subject of the allegation. Amends GS 120-103.1(c), establishing that the Committee must begin an investigation of complaints or referrals of complaints, received while the General Assembly is in Regular Session, within 10 business days. Complaints or referrals received at any other time require the Committee to begin investigation within 20 business days of receipt. Also requires Committee to make a recommendation, without further investigation, to the house in which the legislator who is the subject of the complaint is a member, if it is determined that the Committee does not have jurisdiction over the alleged conduct, but if true, the conduct could be unethical. Amends (c1) to allow the Committee to extend the amount of time of the preliminary investigation if Committee does not have sufficient information to dismiss the complaint or proceed with further investigation. Adds new subsection GS 120-103.1(h2), providing formal authority to the Committee to issue private admonishment without a hearing.

Amends GS 120-104(e), giving authority to the Committee to interpret GS 120, Article 14 (Legislative Ethics Act) as it applies to legislators, except the Lieutenant Governor. Effective January 1, 2007, and applies to advisory opinions issued by the Committee.

Makes technical and clarifying changes.

Filed Feb 28 2013, *A BILL TO BE ENTITLED AN ACT TO REQUIRE STATE AGENCIES AND CERTAIN NON-STATE ENTITIES TO DEVELOP, IMPLEMENT, AND MAINTAIN INFORMATION SYSTEMS THAT PROVIDE UNIFORM, PROGRAM-LEVEL ACCOUNTABILITY INFORMATION REGARDING THE PROGRAMS OPERATED BY THOSE AGENCIES.*

Enacts new Article 2E, Accountability for Taxpayer Investment Act, to GS Chapter 143 to require uniform, program-level accountability information in state government. Article 2E applies to any state agency in the executive branch, and to any non-state entity that receives state funds. Defines non-state entity as any of the following non-state agencies that is discretely presented as a component unit in the State Comprehensive Annual Financial Report by the Governmental Accounting Standards Board: an individual, firm, partnership, association, corporation, or any other organization or group acting as a unit. Includes additional definitions applicable to Article 2E.

Effective July 1, 2013, creates the Taxpayer Investment Accountability Board (Board), with six specified members. Details meeting requirements, administration criteria, and Board responsibilities including the publication of an annual report. Directs each state agency, and each non-state entity receiving state funds, to establish, implement, and maintain a system to provide uniform, program-level accountability information that accurately conveys the mission, responsibilities, and activities of the state agency or entity and any other information required by the Board. Requires the system to comply with Board guidelines, be updated on a timely basis, and be accessible to NC citizens. Lists items to be included in the information system, including performance measures for each program, revenues by source and expenditures by purchasing category, and a listing of all employees.

Requires each agency or non-state entity to file annual certificates of compliance, with the first certificate due June 30, 2015. Requires internal auditors in applicable state agencies to conduct annual compliance audits and submit audit reports to the State Auditor and State Controller by April 1, 2015, and annually thereafter. Authorizes the State Auditor to verify compliance on an annual basis.

Permits any person to institute a suit in superior court requesting a judgment that the state agency or non-state entity failed to comply with Article 2E, and grants specific performance. Sets forth additional provisions related to actions for noncompliance. Directs the Office of State Personnel to adopt rules for the organization charts and manager-to-employee ratios, and to provide templates and technical assistance. Also directs the Office of State Budget and Management and the Office of Information Technology to provide technical assistance and software as required.

Makes a conforming change to GS 150B-1(c), exempting the Board from the Administrative Procedure Act.

Directs each state agency or non-state entity subject to proposed Article 2E to bring its current information system into compliance and to use existing resources to do so.
