House committee substitute deletes all the provisions of the first edition and replaces it with *AN ACT TO MAKE TECHNICAL CORRECTIONS TO THE LAW PERTAINING TO LIEN AGENTS.*

Clarifies in GS 44A-11.1 that the owner is not required to designate a lien agent for improvements made to an existing single-family residential dwelling unit, as defined in GS 87-13.5(7), that is occupied (was, used) by the owner as a residence.

Amends GS 44A-11.2 to clarify that a lower-tier subcontractor is not required to furnish labor, materials, rental equipment, or professional design or surveying services at the site of the improvements. Clarifies that an Internet web site may be used to transmit to the designated lien agent, with delivery receipt, all the information required to provide notice to the lien agent of the individual's designation as a lien agent under GS 44A-11.1 or to provide notice to the designated lien agent under this section.

Amends GS 58-26-45 to delete the duty of a lien agent, who has received notice of the designation by the owner under GS 44A-11.1, to provide written notice within three business days to the contractor and the design professional acknowledging receipt from the owner of information relating to the contractor and the design professional. House committee substitute makes the following changes to the 1st edition.

Amends GS 90-113.73 to direct the dispenser to report the required information under this section no later than the close of three business days subsequent to the day when the prescription was delivered (was, no later than 24 hours after the prescription is dispensed), but encourages dispensers to report the required information no later than 24 hours after the prescription was delivered. Modifies the requirements as to what must be contained in a dispenser's report, deleting the requirements for information on the specialty of the practitioner and for documentation of photographic identification presented by the person seeking dispensation of the prescription, when the documentation is required under GS 90-106.1. Effective January 1, 2014, and applies to prescriptions delivered on or after that date.

Amends GS 90-113.74 to authorize the Department of Health and Human Services (DHHS), upon review of the prescription data information data in the controlled substances reporting system, to (1) notify practitioners that a patient may have obtained a prescription for controlled substances that allows for abuse, diversion of the substance, and an increased risk of harm to the patient and (2) report information about a practitioner's prescribing practices to the agency for licensing, registering, or certifying the practitioner under the rules adopted by the agency. Requires an agency responsible for licensing, registering, or certifying a practitioner with prescriptive or dispensing authority to adopt rules setting criteria by which DHHS may report information to the agency. Provides that this criteria for reporting that is established by rule does not establish the standard of care for prescribing or dispensing and a report by DHHS to an agency regarding a practitioner cannot be the basis for a disciplinary action by an agency against a practitioner (was, directed the Commission for Mental Health, Developmental Disabilities, and Substance Abuse Services to develop, in consultation with a panel of medical experts, criteria for evaluating whether there is a breach of professional standards by a practitioner who prescribes or dispenses controlled substances).

Amends the list of persons to whom DHHS must release data in the controlled substances reporting system to provide that the data be released to a sheriff or a designated deputy sheriff (1) assigned to investigate the diversion and illegal use of products identified in Article 5 of GS Chapter 90 as Schedule II through V controlled substances and (2) engaged in a bona fide specific investigation relating to enforcing laws governing illicit drugs under a lawful court order issued specifically for that purpose (was, to a court pursuant to a lawful court order).

Directs the Attorney General to review any DHHS reports regarding unusual patterns of prescribing medications to determine if those findings should be reported to the SBI and the appropriate sheriff (was, the SBI) for investigation of possible violations of state or federal law relating to controlled substances.

Makes a conforming change to GS 90-107. Except as otherwise indicated, this act is effective when it becomes law.

Provides additional requirements for pawn transactions involving motor vehicles. Specifies prohibited acts for pawn transactions involving motor vehicles, including prohibiting entering into a pawn transaction in which the amount of money

advanced, when combined with other outstanding balances, exceeds \$5,000, and entering into a transaction with a military service member without authorization from the commander. Makes conforming changes.

H 722 (2013-2014) [CAPITAL PROCEDURE/SEVERE DISABILITY](#). Filed Apr 10 2013, *A BILL TO BE ENTITLED AN ACT TO AMEND THE CAPITAL TRIAL, SENTENCING, AND POSTCONVICTION PROCEDURES FOR A PERSON WITH A SEVERE MENTAL DISABILITY AND TO PROVIDE THAT INSANITY IS NOT AVAILABLE AS A DEFENSE TO A CRIMINAL ACTION IF PRIOR ALCOHOL OR DRUG USE OR BOTH ARE THE SOLE CAUSE OF THE PSYCHOSIS OR IF VOLUNTARY INTOXICATION, A VOLUNTARY DRUGGED CONDITION, OR BOTH COMBINED ARE THE SOLE SUPPORT FOR THE DEFENSE.*

Effective October 1, 2013, adds new GS 15A-2007 to prohibit a defendant determined to have a severe mental disability at the time of the commission of a criminal offense from being sentenced to death. Defines *severe mental disability* to mean any mental disability or defect that significantly impairs a person's capacity to do any of the following in relation to the criminal offense: (1) appreciate the nature, consequences, or wrongfulness of the person's conduct; (2) exercise rational judgment in relation to the offense; or (3) conform the person's conduct to the requirement of the law in connection with the offense. Places the burden on the defendant to show that the mental disability was manifested at some time prior to the defendant's alleged offense. Specifies that a mental disability manifested primarily by repeated criminal conduct or attributable solely to the acute effects of alcohol or other drugs does not, standing alone, constitute a severe mental disability.

Requires court to hold a pretrial hearing, upon motion of the defendant, to determine if the defendant had a severe mental disability at the time of the commission of the offense. Imposes burden of production and persuasion on defendant to demonstrate by clear and convincing evidence.

Requires anyone found to be under the influence of a severe mental disability at the time of the commission of the criminal offense to waive a defense of not guilty by reason of insanity; however, a pretrial determination that the defendant has a severe mental disability does not preclude the defendant from raising any other legal defense during trial.

Specifies that if court does not find that defendant had a severe mental disability at the time of the commission of the criminal offense during the pre-trial hearing, the defendant may introduce evidence of the disability during the sentencing hearing. Requires court to submit a special issue to the jury as to whether the defendant had a severe mental disability at the time of the commission of the criminal offense prior to the consideration of aggravating or mitigating factors and the determination of a sentence. If the jury determines that the defendant had a severe mental disability at the time of the commission of the criminal offense, the court must declare the case non-capital and the defendant must be sentenced to life imprisonment without parole. Imposes burden of production and persuasion on defendant by a preponderance of the evidence. Authorizes the jury to consider any evidence presented by the defendant of a severe mental disability when determining mitigating factors and the defendant's sentence, even if the jury determines that the defendant did not have a severe mental disability.

Specifies that defendant determined to have a severe mental disability at the time of the commission of the criminal offense may be subject to any other sentence authorized by GS 14-17 for the crime of murder in the first degree.

Effective October 1, 2013, makes conforming changes to GS 15A-2000(b).

Effective October 1, 2013, and expiring as of October 1, 2014, enacts new GS 15A-2008 to allow a defendant who has been convicted of first degree murder and sentenced to death to request a post conviction determination of severe mental disability. Specifies time period for filing motion and requires that the procedures and hearing on the motion comply with GS 15A-1420.

Effective October 1, 2013, enacts new GS 15A-960 to prohibit an insanity defense if: (1) prior alcohol use, prior drug use, or both are the sole cause of the psychosis or (2) voluntary intoxication, a voluntary drugged condition, or both combined are the sole support for the defense.

Amends GS 1-597 (*Regulations for newspaper publication of legal notices, advertisements, etc.*), establishing rules and requirements for electronic and internet publication of legal notices or other documents or papers that are required by NC law to be published in a newspaper including but not limited to, that each notice must be placed on the newspaper's website, at no additional charge, on the same day that the notice appears in the newspaper, and that if a legal notice is published in the newspaper but cannot be published on the newspaper's website, the publishing newspaper will place the notice on the statewide internet website, established and maintained by the NC Press Association as a repository for such notices. Amends GS 20-109.1 (*Surrender of titles to salvage vehicles*), providing that if a salvage vehicle owner fails to assign and deliver the vehicle's certificate of title to the insurer within 30 days of payment of the claim, the insurer, without surrendering the certificate of title, can request that the Division of Motor Vehicles (DMV) send a form on order to transfer the title of the vehicle to the person who buys the vehicle. Identical to [H 685](#), filed 4/9/13.

Enacts new GS 90-94.1 prohibiting the manufacture, possession, sale, use, and delivery of certain imitation controlled substances. Defines *imitation controlled substanceto* mean a pill, capsule, tablet, or substance in any form that (1) is not a

controlled substance as enumerated in Article 5 of GS Chapter 90 but purports to act like a controlled substance and (2) the chemical structure is a derivative of or substantially similar to the chemical structure of a controlled substance.

Makes it a Class H felony to knowingly manufacture; deliver; sell; import into or export from a state; or possess with intent to sell, deliver, or manufacture an imitation controlled substance.

Subsection (c) makes it a Class 1 misdemeanor to ingest in any way an imitation controlled substance for the purposes of causing a condition of intoxication, inebriation, elation, dizziness, excitement, stupefaction, paralysis, or the dulling of the brain or nervous system or disturbing or distorting of the audio or vision processes. Provides that it is also a Class 1 misdemeanor to use or possess for the purpose of using an imitation controlled substance for the purpose of violating subsection (c).

In addition to all other relevant factors, considerations in determining whether or not a substance qualifies as an "imitation controlled substance" will include comparisons with accepted methods of marketing for legitimate nonprescription drugs for medicinal purposes rather than for drug abuse or any similar nonmedical use. Determining a person's intent to manufacture, sell, give, or distribute an imitation controlled substance may be inferred from a demand of money or other property in exchange for the substance, the proposed cost of the substance in relation to its normal market value, change in the composition of the substance, as well as other relevant evidence.

Effective December 1, 2013, and applies to offenses committed on or after that date. Provides that prosecutions for offenses committed prior to the effective date of this act are not abated nor affected by this act and that statutes applicable except for this act remain applicable to those prosecutions.
