House committee substitute makes the following changes to the 2nd edition.

Clarifies that in awarding credit for salary purposes to teachers, principals, and assistant principals, the State Board of Education (SBE) is to award one full year of experience credit for each two years of full-time relevant non-teaching work experience completed (was, non-teaching work experience obtained) while on active military duty in the US Armed Forces and

before earning a bachelor's degree (was, by individuals without a bachelor's degree). Awards one full year of experience credit for every two years of full-time instructional or leadership training while on active military duty in the Armed Forces, regardless of the academic degree held while participating in the training (was, limited relevant non-teaching work experience that could be credited for salary purposes for military veterans to five years).

Directs the SBE to include in the specific criteria developed for determining the relevance of non-teaching work experience earned while on active military duty a process for reviewing and accepting military transcripts and corresponding American Council for Education (CE) recommendations for awarding academic and experiential credit.

Requires the SBE to study (1) the costs and benefits of providing student teaching stipends to persons pursuing a teacher or school administrator licensure who served in the military and are retired or were honorably discharged and (2) the potential reductions in teacher and school administrator licensure requirements for individuals who are certified master instructors. Directs the SBE to report the results of the study to the Joint Legislative Education Oversight Committee by December 9, 2013.

H 846 (2013-2014) **JOB AND EDUCATION PRIVACY ACT**. Filed Apr 10 2013, *A BILL TO BE ENTITLED AN ACT TO ENACT THE JOB AND EDUCATION PRIVACY ACT TO PREVENT EMPLOYERS AND COLLEGES FROM REQUIRING INDIVIDUALS TO DISCLOSE ACCESS INFORMATION FOR SOCIAL MEDIA AND PERSONAL ELECTRONIC MAIL ACCOUNTS.*

House amendments make the following changes to the 2nd edition, as amended.

Amendment #2 rewrites new GS 99F-5 to specify that an employer is prohibited from requiring or requesting an employee or an applicant to disclose the employee's username and password or a password that allows the employer to access the employee's or applicant's personal Internet account (was, prohibited an employer from requiring or requesting that an employee or an applicant provide access or information to access the employee's or applicant's personal electronic account). Clarifies that an employer is prohibited from compelling (was, either requesting or requiring) an employee or applicant to add the employer or the employer's representative to the applicant or employee's personal social networking account. Deletes provision that prohibits an employer from accessing an employee's or applicant's social networking account indirectly through any other person who is a social networking contact of the employee or applicant.

Deletes three exceptions to the Chapter listed in GS 99F-8, which provided that the Chapter does not prohibit an employer from requiring an employee to disclose any name, password, or other means for accessing specified accounts or services; limit rights concerning workplace policies on the use of electronic equipment; and prevent compliance with state or federal rules or regulations

Enacts new GS 99F-9 to identify five actions by employers that are not prohibited under proposed new GS Chapter 99F, *Job and Education Privacy Act*. Among the permitted actions by an employer are requesting or requiring an employee to disclose a username or password for the limited purpose of gaining access to (1) an electronic communications device supplied or paid for by the employer, or (2) an account or service provided by the employer, obtained by virtue of the employee's employment relationship with the employer, or used for the employer's business purposes. Also provides that this Chapter does not prohibit an employer from conducting an investigation or requiring an employee to cooperate in an investigation, including requiring an employee to share the content that has been reported in order to make a factual determination about the nature of the content.

Enacts GS 99F-10 to declare that this Chapter does not create a duty for an employer to search or monitor the activity of an employee's personal Internet account. Also exempts an employer from liability under this Chapter for failing to request or inquire that a job applicant or an employee allow access to or observation of an employee's or applicant's personal Internet account.

Enacts GS 99F-11 to provide that the state Attorney General may bring a civil cause of action against an employer on behalf of a citizen aggrieved by a violation of this Chapter. Provides that if the court finds a violation of this Chapter, the amount of the

award is limited to not more than \$500 per violation.

Amendment #3 changes the effective date of this act to October 1, 2013 (was, when the act becomes law).

House committee substitute makes the following changes to the 1st edition.

Changes the long title.

Amends GS 143-214.11, *Ecosystem Enhancement Program: compensatory mitigation*, providing that the emphasis of compensatory mitigation is on replacing functions and values within the same river basin (previously, emphasis was only placed on replacing functions). Amends the basis for compensatory mitigation payments, providing that the monetary payment will be based on the ecological function and values of specific types of wetlands and streams, including coastal wetlands, riparian wetlands, non-riparian wetlands, perennial streams, and intermittent streams. Establishes that waters of the state that are considered to be isolated wetlands will have 1/3 the functional value of wetlands that are contiguous with waters of the United States and intermittent streams will have 1/3 the functional value of perennial streams.

Directs the Environmental Management Commission to adopt rules, no later than March 1, 2014, to amend its standardized schedule for compensatory mitigation payments consistent with GS 143-214.11, as amended above.

Deletes Section 3.1 and 3.2 of the 1st edition, which directed the Department of Environment and Natural Resources (DENR) to study the administration of the Section 404 permitting program and set a deadline for DENR to report its findings.

House committee substitute makes the following changes to the 1st edition.

Changes the short and long titles.

Deletes the provisions of the 1st edition in its entirety and makes the following proposed changes.

Provides that the General Assembly directs the Director of the Budget (Director), with the State Controller and other necessary officials, to change the budget adjustments below in an amount not to exceed \$401 million to cover a projected budget shortfall of \$283 million and for the repayment of federal Medicaid drug rebates in the amount of \$118 million.

Provides that the Director will make the following adjustments to increase the budget of the Division of Medical Assistance (DMA). The adjustments are set forth in priority with no adjustment being made until the preceding adjustment has been completely exhausted. (1) \$74 million from the drug rebate refunds within the DMA; (2) \$20.9 million from state appropriations not expended pursuant to Section 10.9g of SL 2012-142; (3) a minimum of \$48 million from reversions within DHHS, with specified restrictions; (4) \$213,432,878 from the June 30, 2012, unreserved fund balance; and (5) up to \$44,667,122 from revenue overcollections for the 2012-13 fiscal year.

Provides that any budget adjustments provided for above will only be used to pay the costs of the State Medicaid Program for the 2012-13 fiscal year. Any adjustments not needed for these costs will revert to the unreserved fund balance of the General Fund. Provides that no adjustment or transfer will be made if doing so would impose, increase, or continue a financial obligation in the 2013-14 fiscal year or any subsequent fiscal year.

Requires the Office of State Budget and Management to maximize General Fund reversions for the 2012-13 fiscal year from all state agencies and departments to increase the June 30 unreserved fund balance.

Provides that, on or before October 1, 2013, the Office of State Budget and Management, DHHS, and the Office of State Controller will jointly report on the implementation of this act. The Office of State Budget and Management and DHHS will report on each measure taken and the Office of State Controller will certify compliance with Section 3 and Section 4 of the act. The report will be made to the Appropriations/Base Budget Committee of the Senate, the Appropriations Committee of the House, and the Joint Legislative Commission on Governmental Operations. Reporting requirements under GS 143C-6-4 do not apply to the adjustments made in the act.

House committee substitute makes the following changes to the 1st edition.

Changes the short and long title.

Deletes the provisions of the 1st edition in its entirety and makes the following proposed changes.

Enacts a new subsection GS 158-42(g), regarding disbursement of tax proceeds, providing that the North Carolina's Eastern Region (Region) will disburse to a participating county, after receipt of a resolution adopted by the county's board of commissioners, its net share of tax proceeds which have been placed in trust. A county's net share is the total amount in the trust attributable to that county, less the total amount of outstanding loans from the Region and less any amount attributable to an appropriation made to the Region by the General Assembly. A resulting negative amount results in the county not being entitled to a disbursement. Disbursed funds can only be used for economic development purposes, as described in this subsection.

Repeals GS 158-41(a) concerning withdrawal from the Region.

Effective July 1, 2013.
