Enacts new GS 99B-12 entitling a commodity producer who is certified by the US Department of Agriculture Agricultural Marketing Service Good Agricultural Practices and Good Handling Practices Audit Verification Program, or other designated third party certification program, to a rebuttable presumption that the commodity producer was not negligent when death or injury is proximately caused by the consumption of the producer's raw agricultural commodity. Enacts new GS 136-92.1 to exempt forestry operations and silviculture operations that require temporary ingress from a property to state roads from the temporary driveway permit process, except for controlled access facilities, if the operator of the temporary driveway has attended an education course on timbering access and has obtained a safety certification.

Senate amendments make the following changes to the 3rd edition.

Amendment #1 makes the following changes.

Amends GS 130A-294 to provide that permits issued pursuant to new subsection (a2) must take into account both the duration of any permits previously issued for the facility and the remaining capacity at the facility (was, the duration of previously issued permits).

Amends GS 130A-295.8(b)(3) to reinsert sub-subdivision a, deleted in the 3rd edition, which provided that *permit modification* applies to an application for any change to the plans approved in a permit for a solid waste management facility that is not a "permit amendment" or a "new permit." Also provides that this sub-subdivision does not apply to sanitary landfills or transfer stations. Makes an organizational change.

Provides that Section 3 of this act becomes effective July 1, 2014 (was, August 1, 2013). Provides that GS 130A-295.6(h2), as enacted by Section 3(a) of this act, applies to new landfills for which a permit is issued on or after July 1, 2014.

Amendment #2 makes the following changes.

Amends GS 130A-294(a)(4)c to require the Department of Environment and Natural Resources (DENR) to deny a permit for a solid waste management facility upon a finding that construction or operation of the proposed facility would encroach on or have a significant adverse impact on any military installation or branch of the military. Defines *military installation* for the purposes of this section. Adds new subsection (b4) to GS 130A-294 to require DENR, within 10 days of receiving an application for a permit or a substantial amendment to an existing permit for a sanitary landfill or transfer station, to notify designated points of contact for the Department of Defense and the Department of Homeland Security and to forward a copy of the application to the points of contact with a request for a determination by both departments as to whether the proposed facility would encroach upon or have an otherwise significant adverse impact on any military installation or branch of the military. Provides that if DENR does not receive a statement indicating that the facility will have an adverse impact within 45 days of submitting the request, then DENR is to consider the proposed facility to have no adverse impact.
