S 371 (2015-2016) [LME/MCO CLAIMS REPORTING/MENTAL HEALTH AMENDS. \(NEW\)](#) Filed Mar 23 2015, *AN ACT TO MODIFY CERTAIN REQUIREMENTS PERTAINING TO LOCAL MANAGEMENT ENTITIES/MANAGED CARE ORGANIZATIONS.*

Conference report makes the following changes to the 3rd edition.

Changes the long title to AN ACT TO MODIFY CERTAIN REQUIREMENTS PERTAINING TO LOCAL MANAGEMENT ENTITIES/MANAGED CARE ORGANIZATIONS.

Amends Section 1 of the act, which sets out the encounter data submission requirements for local management entities/managed care organizations (LME/MCOs), by deleting the proposed third requirement that required DHHS to share encounter data with the Government Data Analytics Center. Changes the date by which DHHS is required to report to the Joint Legislative Oversight Committee on Health and Human Services regarding the status of the section to on or before February 1, 2017 (previously, February 1, 2016).

Deletes the proposed additions to GS 122C-115.3, governing the Secretary of DHHS's approval of a county's withdrawal from an area authority on mental health, developmental disabilities, and substance abuse services operating under a 1915(b)/(c) Medicaid Waiver. The proposed language required the Secretary to adopt rules creating a process for withdrawal, as required by GS 122C-112.1(38) and SL 2012-151, and prohibited the Secretary from approving a county's withdrawal until these rules are established.

Enacts GS 122C-124.3, Authorization to direct mergers and acquisitions, to authorize the Secretary of DHHS to direct the merger of LME/MCOs and to direct the acquisition of an LME/MCO by another LME/MCO. Authorizes the Secretary of DHHS (Secretary) to set time lines and dates for the orderly completion of the mergers and acquisitions. Sets out 11 factors related to each LME/MCO the Secretary must consider in directing mergers and acquisitions. Provides that the failure of an LME/MCO to comply with the Secretary's directions under the statute constitutes noncompliance for purposes of GS 122C-124.2(c) and constitutes cause for the Secretary to terminate all contracts between the DHHS and the LME/MCO. Expires June 30, 2018.

Enacts GS 122C-147.3, LME/MCO use of funds, to authorize LME/MCOs to use funds only for purposes related to their functions and responsibilities under GS Chapter 122C, specifically including operation of the combined Medicaid Waiver program authorized under section 1915(b) and 1015(c) of the Social Security Act, or to carry out functions and responsibilities required by State law, federal law, or contract with DHHS. Establishes that a violation of the statute constitutes noncompliance for purposes of GS 122C-124.2(c).

Makes conforming changes to GS 122C-124.4(c), concerning the consequences of noncompliance by an LME/MCO, to include new GS 122C-124.3 and GS 122C-147.3 in the specified statutory requirements that constitute noncompliance and trigger the specified actions to be taken by the Secretary.

Amends GS 122C-118.1, concerning the structure of boards of the area authorities, to allow the boards of county commissioners within certain large multicounty areas to appoint members of the area board through a process other than as required by this section if at least three-quarters of the counties (was, two thirds of the counties) adopt a resolution to that effect. Adds that no area board can be exempt from the membership composition requirements of subsection (b) of the statute (previously, allowed the Secretary to approve an appointment process that includes the constituent counties delegating appointment authority to intermediary bodies created by counties to represent regions of a multicounty area authority). Makes technical changes. Deletes the proposed revisions to subdivision (13) of subsection (b), which adjusted the board membership requirement for hospital administrators who serve as nonvoting members and participate only in board activities that are open to the public. Adds a new subsection (d1) to require each LME/MCO, beginning on July 1, 2017, to annually notify the Secretary of (1) the membership of the area board, (2) the county residence of each member, (3) how the membership composition requirements in subsection (b) of the statute are being met, (4) the term of office of each member, and (5) the LME/MCO's compliance with training requirements for its board members.

Directs all area boards to comply with the requirements of GS 122C-118.1(a1), as enacted by the act, no later than February 1, 2017.

Amends GS 122C-121, which sets out provisions relating to an area director, to establish that in no instance can the salary of an area director that is higher than the maximum applicable salary range exceed more than 40% the average salary of the area directors of the remaining LME/MCOs, as determined by the Secretary. Adds that if any director's salary that is higher than the

maximum of the applicable salary range and exceeds by more than 40% the average salary of the area directors of the remaining LME/MCOs, the director's salary must be reduced to achieve compliance with subsection (a1) within 60 days after a determination by the Secretary. Adds new subsection (a3) to make the total compensation provided or recommended by each area board to its area director subject to review and approval by DHHS and the Office of State Human Resources (OSHR), at least annually. Prohibits an area board from increasing compensation to an area director prior to approval by the Secretary of DHHS and the Director of OSHR. Amends proposed subsection (e) to allow the Secretary to waive the requirements of subsection (e) (requiring the appointment of an area director to be based on the recommendation of at least two candidates by a search committee) when appointment of the area director results from the merger or consolidation of LME/MCOs. Amends proposed subsection (f) to clarify that, except as a result of the merger or consolidations of LME/MCOs, the area director cannot be terminated as specified without 30 days' prior written notice to the Secretary of DHHS.

Deletes the three proposed uncodified sections, which (1) maintained and extended the pilot program of the Department's Division of Health Service Regulation to study the use of electronic supervision devices as an alternative means of supervision during sleep hours at facilities for children and adolescents who have a primary diagnosis of mental illness or emotional disturbance, (2) required the Department's Division of Mental Health, Developmental Disabilities, and Substance Abuse Services to distribute one-twelfth of each LME/MCO's allocation each month by the last working day of the month, and (3) required the Department to develop a plan for extending Community Guide services to individuals on the Medicaid Innovations Waiver waiting list and to report to the Joint Legislative Oversight Committee on Health and Human Services on the plan by March 15, 2016.

Amends SL 2015-241, Section 12F.2(a), to require DHHS, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services (DMH/DD/SAS), to distribute not less than one-twelfth of each LME/MCO's base budget allocation (previously, continuation allocation) at the beginning of the fiscal year, less the amount of that distribution from the LME/MCO's total reimbursements for the fiscal year. Additionally requires DHHS, DMH/DD/SAS, to distribute one-twelfth of each LME/MCO's single-stream allocation on or before the last working day of each month beginning with the first month of the fiscal year and continuing monthly thereafter. Effective July 1, 2016.

Changes the short title.

Deletes all provisions of the previous edition and now provides the following.

Section 1

Amends GS 163-182.5(b), concerning the canvassing of votes by the county board of elections, to require the county board of elections to meet on the tenth day after every election to complete the canvass of votes cast and to authenticate the count in every ballot item in the county (previously, provided different days for the board to complete election canvasses depending on whether the elections were held at the same time as the general election in November of even-numbered years).

Section 2

Current GS 114-2.3(a) requires every State agency, institution, department, bureau, board, or commission authorized by law to retain private counsel to obtain written permission from the Attorney General (AG) prior to employing private counsel. Adds new subsection (c) to require AG to represent the State in any action requiring the State to be a party under new GS 1-72.3. New GS 1-72.3 requires the State to be a party whenever the validity or constitutionality of a local act of the General Assembly is the subject of an action in any court, and except as provided in GS 147-17 (requiring approval of the Governor, at the advisement of the AG, for employment of counsel in cases wherein the State is interested), to be represented by the AG. Provides that the statute does not affect any authority under GS 1-72.2 (standing of legislative offices) or GS 120-32.6 (employment authority of the General Assembly).

Effective August 1, 2016, and applies to actions filed on or after that date.

Section 3

Amends GS 163-165.6, concerning the arrangement of official ballots in all elections in the State, by adding a new subsection (d1) to set out the order in which candidates for judge of the Court of Appeals on a general election official ballot are to appear, as follows. First, candidates registered with political parties that reflect at least 5% of statewide voter registration in alphabetical order by party beginning with the party whose nominee for Governor received the most votes in the most recent gubernatorial election, and in alphabetical order within the party. Second, candidates registered with other political parties, in alphabetical order by party and in alphabetical order within a party. Third, all unaffiliated candidates, in alphabetical order.

Section 4

Amends GS 163-165.6(g), which sets out the order of precedence for referenda on the official ballot, to provide that in addition to chronologically listing proposed amendments to the North Carolina Constitution in the order in which the proposals were approved by the General Assembly, the proposed amendments are to be designated by only the short caption provided by the Constitutional Amendments Publication Commission under Article 4A of GS Chapter 147 (which requires the Commission to prepare a summary of every proposed amendment to the Constitution within a certain period before an election in which a proposed amendment to the Constitution, or a revised or new Constitution, is to be voted on).

Amends GS 147-54.10, which sets out the powers of the Constitutional Amendments Publication Commission, to require the Commission to prepare an explanation of the amendment, revision, or new Constitution in simple and commonly used language at least 75 days (previously, 60 days) before an election in which a proposed amendment to the Constitution, or a revised or new Constitution, is to be voted on. Adds that the explanation is to include a short caption reflecting the contents to be used on the ballot and the printed summary. Prohibits the short caption from including a numerical or other reference of order. Makes the language gender neutral. Moves existing language, as amended, into two subsections.

Section 5

Sets out that it is the intent of the General Assembly to provide for even-numbered year municipal elections, effective with the 2020 election cycle. Directs the Joint Legislative Elections Oversight Committee to study the options to implement the change and recommend to the General Assembly any legislation it deems advisable, with the final report to be made before the convening of the 2017 Regular Session of the General Assembly.

Section 6

Amends Section 3.5 of the Charter of Reidsville in SL 1989-957, as amended, to require the period for filing notices of candidacy for all city election years as provided for in the General Statutes (previously, the period is to begin at noon on the first Friday in August and end at noon on the third Friday in August preceding the election).

Section 7

Enacts GS 163-132.1C, Participation in the 2020 Census Redistricting Data Program (Program) of the United States Bureau (Bureau), to require the State to participate in the Program, conducted pursuant to PL 94-171, so that the State can receive 2020 Census data by voting districts. Directs the Executive Director of the State Board of Elections (Executive Director) to report to the Bureau the State's voting precincts as of January 1, 2018, after consultation with the Legislative Services Office, to be used in the 2020 Census as voting districts. Requires the Executive Director to timely submit the report to comply with the deadlines of the Bureau for the 2020 Census Redistricting Data Program. Requires the Executive Director, with the assistance of the county boards of elections, to participate in the Bureau's verification program and notify the Bureau of any errors in the entry of the voting districts in time for those errors to be corrected. Requires the Executive Director and the Legislative Services Officer to develop a systematic method for review and input by the Legislative Services Officer prior to the submission required by the statute. Repeals GS 163-132.1B, which set out provisions for participation in the 2010 Census Redistricting Data Program of the United States Bureau of the Census.

Directs the State Board of Elections (SBE) to develop a proposed voting district map on or before September 1, 2016, to be submitted to the Joint Legislative Elections Oversight Committee and the Legislative Services Office on or before December 1, 2016. Sets out three factors to be considered in the development of the proposed map.

Directs the county boards of election to report any requested changes to precinct boundaries to be used in elections held on or after January 1, 2018, on or before November 1, 2017. Directs the SBE to develop criteria for the county boards of election to use in developing proposed boundary changes, notify the county boards of the requirement to submit proposed changes, and facilitate the county boards in developing proposed boundary changes. Requires the SBE to consult with the Legislative Services Office about the proposed changes to precinct boundaries in a timely and systemic manner in order to accommodate submitting a statewide map of updated precinct boundaries to the Bureau of the Census for the Phase 2 Voting District Project. Directs the Executive Director of the SBE and the Legislative Services Office, after receipt of the voting districts geography from the Bureau of Census for the 2020 Census, to determine if any alteration to the precinct boundaries are needed in order to comply with GS 163-132.3(a1)(1), as enacted by the act.

Section 8

Amends GS 163-132.3(a), concerning alterations of approved precinct boundaries, to provide that no county board of elections may change any precinct boundary unless approved by the Executive Director of the SBE (previously, unless the Executive Director determines that the county board has a current capability of complying with GS 163-132.1B(a2) by reporting all election returns by voting tabulation district as required by GS 163-132.5G). Deletes provisions of subsection (a) that allow the county board to make any changes to precinct boundaries, if the Executive Director so determines, provided that all proposed new precincts consist solely of contiguous territory, and requiring the county boards to report precinct boundary changes to the Executive Director in the manner the Executive Director directs. Moves and amends the remaining existing language of subsection (a) to new subsections (a1) and (a2). Directs the SBE to set uniform standards for precinct boundaries that the county boards of elections must follow. Requires any uniform boundaries set by the SBE to comply with four specifications. Makes clarifying change to subsection (b) that approval of proposed new or altered precinct maps and written descriptions are the official precincts for voting (previously, the official precincts). Makes conforming and technical changes to subsection (c), and makes language gender neutral. Effective January 1, 2020, and applies to all alterations of precinct boundaries on or after that date.

Section 9

Changes the title of GS 163-132.5G to Voting data maintained by precinct (previously, by voting tabulation district), moves existing language into new subsections (a) through (c), and amends as follows. Requires each county board of elections to maintain voting data by voting precinct so that precinct returns for each item on the ballot include the votes cast by all residents of that voting precinct who voted, regardless of where the voter voted (previously, required each county board to maintain voting data by voting tabulation district as provided in GS 163-132.1B so that voting tabulation district returns for each item on the ballot include the votes cast by all residents of the voting tabulation district who voted, regardless of where they voted). Makes conforming changes to replace "voter tabulation district" with "precinct." Establishes that the county board cannot be required to report returns by voting precinct for voters who voted other than at the voting precinct associated with that voter's voter registration until 30 days after the election (previously, for voters who voted other than at their precinct voting place on election days until 60 days after the election). Makes conforming changes to subsection (b).

Amends GS 163-165.7(a) (both the version effective until January 1, 2018, or September 1, 2019, and the version effective January 1, 2018, or September 1, 2019), which specifies elements that must be included in the certification requirements for voting systems, to require that the voting system must have the capacity to include in voting district returns the votes cast by

voters outside of the precinct associated with that voter's voter registration (previously, to include in voting tabulation district returns the votes cast by voters outside of the voter's voting tabulation district as required by GS 163-132.5G).

Directs the SBE to report for each voter registration the current voting precinct and the 2010 Census Bureau voting tabulation district until January 1, 2020.

Effective September 1, 2016, and applies to elections conducted on or after that date and contracts awarded on or after that date.

Section 10

Except as otherwise provided, the act is effective when it becomes law, and applies to elections held on or after that date.

House committee substitute makes the following changes to the 3rd edition.

Amends GS 58-86-55, concerning monthly pensions upon attaining the age of 55 years under the North Carolina Firefighters' and Rescue Squad Workers' Pension Fund, by adding a new subsection (d2) to provide the manner in which benefits are to be paid when a member is killed in the line of duty and the requirements under Article 12A of GS Chapter 143 are met, based on whether (1) the member had been receiving a monthly pension fund benefit prior to being killed in the line of duty, (2) the member had been receiving a monthly pension fund benefit prior to being killed in the line of duty and the spouse is not payable as described in subdivision (1), (3) the member had not begun receiving a monthly benefit prior to being killed in the line of duty, or (4) the member had not begun receiving a monthly benefit prior to being killed in the line of duty and the spouse is not payable as described in subdivision (3). Provides that a beneficiary under new subsection (d2) is not required to make the monthly payment of \$10 as required by GS 58-86-35 and GS 58-86-40 after the member has been killed in the line of duty. Repeals new subsection (d2) effective July 1, 2018.

Deletes the effective date of July 1, 2018, for Section 1 of the act, and instead provides that Sections 1(a) and 1(d) become effective June 1, 2016, and apply to benefits paid when a member is killed in the line of duty on or after June 1, 2016, but before July 1, 2018. Provides that Section 1(e) is effective June 1, 2016. Provides that Sections 1(b) and 1(c) become effective July 1, 2018, and apply to benefits paid when a member is killed in the line of duty on or after that date.

Amends GS 135-6(b), which sets out the membership and terms of the Board of Trustees of the Retirement System for Teachers and State Employees, to add the Director of the Office of State and Human Resources as an ex officio member. Reduces the number of members to be appointed by the Governor and confirmed by the Senate from nine to eight members, and removes the requirement that one of those eight members is to be a representative of higher education appointed by the Governor for a term of

four years, commencing July 1, 1969, and quadrennially thereafter. Makes technical changes.

Amends GS 135-6(g), which sets out provisions pertaining to officers and other employees of the Retirement System for Teachers and State Employees, to establish that the State Treasurer is ex officio chair of the Board of Trustees and is to appoint a director (previously, required the Board to appoint a director by majority vote, who may but need not be one of its members). Deletes the provision making the salary of the director of the Retirement System subject to the provisions of GS Chapter 126 (North Carolina Human Resources Act).

Amends GS 136-6(o) (intends GS 135-6(o)), which requires the actuary to make an annual valuation of the assets and liabilities of the funds in the Retirement System created in GS Chapter 135, to require the annual valuation include a supplemental section that provides an analysis of assets on a market basis using the 30-year treasury rate as of December 31 of the year of the valuation as the discount rate.

Amends GS 128-28(h), which sets out provisions pertaining to officers and other employees of the Retirement System for Counties, Cities and Towns, to establish that the State Treasurer is ex officio chair of the Board of Trustees and is to appoint a director (previously, the Board of Trustees is to elect a chairman from its membership and, by a majority vote, appoint a director, who may, but need not be, one of its members).

Amends GS 128-28(p), which requires the actuary to make an annual valuation of the assets and liabilities of the funds in the Retirement System created in GS Chapter 128, to require the annual valuation include a supplemental section that provides an analysis of assets on a market basis using the 30-year treasury rate as of December 31 of the year of the valuation as the discount rate (identical to addition made by the act to GS 135-6(o) relating to the Retirement System for Teachers and State Employees).

Amends GS 115C-341.2 to require that a vendor selected to administer the North Carolina Public School Teachers' and Professional Educators' Investment Plan (403(b) plan) must be selected pursuant to the procurement procedures used by the Supplemental Retirement Board of Trustees under Article 5 of GS Chapter 135. Also clarifies that administration of the 403(b) plan shall be performed under Article 5 of GS Chapter 135. Makes other technical and conforming changes. Makes identical changes to GS 115D-25.4(b), which authorizes community college employees to participate in the 403(b) plan.

Amends GS 135-109, concerning reports of earnings under the Disability Income Plan of North Carolina, to establish that the Department of State Treasurer and Board of Trustees may require (previously, must require) each beneficiary to annually provide a statement of the beneficiary's income received as compensation for services, as described in the existing language. Establishes that the benefit payable to a beneficiary who does not or refused to provide the information requested within 120 days (previously, within 60 days) after the request may be suspended (previously, must not be paid a benefit) until the information so requested is provided, and should such refusal or failure to provide such information continue for 180 days (previously, 240 days) after such request, the right of a beneficiary to a benefit under Article 6 of GS Chapter 135 (Disability Income Plan of North Carolina) may be terminated.
