H 99 (2019-2020) [TRANSFER ALE](#). Filed Feb 18 2019, *AN ACT TO ESTABLISH ALCOHOL LAW ENFORCEMENT AS A SEPARATE DIVISION OF THE DEPARTMENT OF PUBLIC SAFETY AND TO CLARIFY THE JURISDICTION AND PRIMARY RESPONSIBILITIES OF ALCOHOL LAW-ENFORCEMENT AGENTS.*

House committee substitute makes the following changes to the 1st edition.

Adds to GS 18B-500 to grant the Secretary of the Department of Public Safety (DPS) appointing authority and supervisory responsibility of the Director of the Division of Alcohol and Law Enforcement (ALE), as transferred to DPS by the act. Adds that the ALE Director can appoint and supervise assistants (was, appoint only). Additionally authorizes the ALE Director to appoint a regular employee of the Alcoholic Beverage Control Commission (ABC Commission) as an ALE Agent so long as the employee is employed by the ABC Commission and serving as an ALE Agent on January 1, 2019. Makes organizational changes and modifies ALE agents' primary responsibilities to include enforcement of GS Chapter 18B. No longer includes enforcement of the provisions of GS Chapter 143B (executive organization laws). Modifies ALE agents' subject matter jurisdiction (SMJ), now set out to include enforcement for any criminal offense:

- Occurring, encountered, or otherwise discovered on the premises or elsewhere relating to a location under application for or holding a permit issued by the ALE Commission or the Education Lottery Commission;
- Encountered or otherwise discovered while investigating or enforcing matters for the ALE Commission or the Lottery Commission, or provisions of the laws of which the agents are primarily charged with enforcing (previously, SMJ did not specifically include offenses encountered or discovered while investigating or enforcing matters of either Commission);
- Encountered or discovered while carrying out any duty or function assigned to the Division by law (this SMJ not previously limited to criminal offenses);
- Occurring in an agent's presence; and
- When assisting another law-enforcement agency (this SMJ not previously limited to criminal offenses but was limited to during investigations only).

Now specifies that ALE agents have full power and authority as peace officers to execute criminal process, respond to and take enforcement action for any crime of violence or breach of peace, and additional duties directed by the Governor or the Secretary of DPS when necessary for security at a public event, or protection of persons or property due to a disaster or state of emergency. Modifies the ALE Director's authority regarding shifting personnel from districts to no longer subject the action to rules adopted by DPS.

Amends the definition of *ABC system* set forth in GS 18B-101 to include the designated ABC law enforcement officers employed under GS 18B-501 rather than the ALE Division and all of its employees. Makes a clarifying change.

Amends GS 143-63.1 to authorize the ALE Division to sell, trade, or dispose of any surplus weapons it possesses to any federally licensed firearm dealers.

Amends GS 143-341 to exempt motor vehicles under the ownership, custody or control of the ALE Division from the Department of Administration's scheduled transfer of ownership, custody or control to that Department.

House committee substitute to the 1st edition makes the following changes.

Adds to the proposed changes to GS 7B-302, adding to the findings which must be satisfied prior to disclosure by the department of social services of otherwise confidential information to an appropriate military authority. Now conditions the disclosure upon the director finding evidence that a juvenile has been abused or neglected in addition to the previous required finding that the parent, guardian, custodian, or caretaker of the allegedly abused juvenile has a military affiliation (previously required the department rather than the director to make the finding).

Filed Mar 12 2019, *AN ACT TO AMEND LAWS GOVERNING THE TRANSFER OF SALVAGE VEHICLES BY REMOVING NOTARY REQUIREMENTS, PERMITTING ELECTRONIC SIGNATURES, AND ALLOWING ACCESS TO DIVISION OF MOTOR VEHICLE SYSTEMS FOR SALVAGE VEHICLE TITLE PROCESSING*.

House committee substitute to the 2nd edition makes the following changes.

Amends the proposed changes to GS 20-63(j), concerning authorized contracts between the Division of Motor Vehicles (DMV) and online motor vehicle vendors, and vendors and motor vehicle dealers to file required DMV documents. Now authorizes vendors under contract with the DMV under subsection (j) to also enter into contracts with used motor vehicle dealers whose primary business is the sale of salvage vehicles on behalf of insurers to complete and file documents required by the DMV for issuance of a salvage certificate of title (previously incorporated these submissions into the existing contract authority). Makes conforming changes.

Modifies GS 20-85(a)(10) to specify that the \$20 fee charged to each application for a salvage certificate of title made by an insurer applies to applications made pursuant to GS 20-109.1 (Surrender of titles to salvage vehicles), as amended. Makes technical changes.

House committee substitute makes the following changes to the 1st edition.

Makes organizational changes to the proposed changes to GS 14-208.16, which add a new restriction to prohibit a sex offender registrant from knowingly residing within 1,000 feet of the property on which any organized residential youth camp is located. Limits the proposed restriction to either (1) persons who committed any offense in Article 7B (Rape and Other Sex Offenses), or any substantially similar federal offense or offense of another state, upon which the person has been found to present or may present a danger to minors under 18 years, or (2) persons who committed any offense where the victim was under the age of 18. Amends the definition of *organized residential youth camp* to mean a previously described program or facility that provides permanent or semi-permanent lodging, meals, and activities for eight or more children over four or more consecutive nights at least six times each calendar year (was, on an annual basis). Changes the effective date of the act to December 1, 2019 (was, the date the act becomes law).

H 455 (2019-2020) **CLARIFY MOTOR VEHICLE DEALER LAWS**. Filed Mar 26 2019, *AN ACT TO CLARIFY VARIOUS MOTOR VEHICLE DEALER LAWS*.

House committee substitute to the 1st edition makes the following changes.

Amends the definition of special tool or essential tool by adding that it must also be required by the manufacturer or distributor.

Further amends GS 20-305 to make it unlawful for any manufacturer, factory branch, distributor, or distributor branch, or any field representative, officer, agent, or any representative whatsoever of any of them, to require, coerce, or attempt to coerce any new motor vehicle dealer in the State to purchase or lease a specific dealer management computer system for communication with the manufacturer, factory branch, distributor, or distributor branch (previously, only extended to purchase or lease of any computer hardware or software used for any purpose other than the maintenance or repair of motor vehicles). Limits the proposed exception to now provide that instead of purchasing or leasing any special tools that are required by a manufacturer, factory branch, distributor, or distributor branch, a franchised dealer that sells fewer than 350 new motor vehicles per year may request approval from the manufacturer to enter into a local tool loaner agreement with another dealer if eight conditions are met (previously allowed dealers to share access to special tools with other dealers if four specified conditions are met, wholly distinct from the new conditions). Among the conditions that must be satisfied for a local tool loaner agreement are requirements that all participating dealers be located within a 40-mile radius of the dealer responsible for purchasing the specified special tools, the agreement be capped at five participating dealers, and the agreement be approved by the manufacturer, including the list of participating dealers and eligible special tools.

Adds to the proposed changes to GS 20-305 which (1) allow franchised new motor vehicle dealers who believe that it is unreasonable for a manufacturer, factory branch, distributor, or distributor branch with whom the dealer has entered into a franchise to include one or more portions of the dealer's existing area of responsibility previously assigned to that dealer to request the elimination of the contested territory from the dealer's area of responsibility by submitting a written request, and (2) allow a dealer to file a petition within 60 days of receiving notice of the manufacturer's rejection of the dealer's request to eliminate the contested territory. Now qualifies the rights of new motor vehicle dealers under the subdivision on the dealer having not previously filed a petition under the subdivision within the preceding 48 months regarding the dealer's currently assigned areas of responsibility. Deems the dealer's request accepted if notice of objection of the request is not sent within 60 days of request (was, within 30 days). Specifies that in an evidentiary hearing of a dealer's petition contesting the proposed assignment or changes of the dealer's area of responsibility by a manufacturer, factory branch, distributor, or distributor branch, the burden of proof is on the affected manufacturer, factory branch, distributor or distributor branch. Establishes that in an evidentiary hearing for a dealer's petition to eliminate contested territory from the dealer's existing area of responsibility previously assigned to the dealer by the manufacturer, factory branch, distributor, or distributor branch, the burden of proof is on the dealer to prove that the continued inclusion of the contested territory in the dealer's area of responsibility is unreasonable under the circumstances or has been assigned arbitrarily in light of the present or projected future pattern of motor vehicle sales and registrations within the franchised dealer's new motor vehicle dealer's market.

Eliminates the proposed changes to GS 20-305(51) (provisions which make it unlawful to establish, implement, or enforce criteria for measuring the sales or service performance of certain of its franchised new motor vehicle dealers in this state and instead maintains existing statutory language).

Modifies proposed GS 20-305(52) to now make it illegal to prohibit or unreasonably limit or restrict a dealer from offering for sale over the Internet (previously, to prohibit, limit or restrict a dealer from selling over the Internet) parts and accessories obtained by the dealer from the manufacturer, factory branch, distributor, or distributor branch, or from any source recommended or approved by such entities. Specifies that the new subdivision does not eliminate or impair the intellectual property rights of a manufacturer, factory branch, distributor, or distributor branch.

Adds to the proposed changes to GS 20-305.1 (concerning automobile dealer warranty and recall obligations) to exclude audits conducted for cause from the proposed limitation of one audit per 12-month period for (1) warranty or recall parts or service compensation, or compensation for a qualifying used motor vehicle, and (2) for sales incentives, service incentives, rebates, or other forms in incentive compensation. Defines audit conducted for cause to mean an audit based on either statistical evidence that the dealer's claims are unreasonably high or that the dealer's claims submissions violate reasonable claims documentation or other applicable requirements of the manufacturer, factory branch, distributor, or distributor branch. Requires the manufacturer, factory branch, distributor or distributor branch which elects to perform an audit conducted for cause to explain in detail in the audit notice the data or other foundation upon which the cause is based. Similarly, provides that the statute does not prohibit or limit a manufacturer, factory branch, distributor, or distributor branch from conducting an audit of sales or leases made by one of its franchised dealers with known exporters or brokers for cause at any time during the permitted time period. Specifies that these provisions apply to audits of a dealer by a manufacturer for sales or leases made to known exporters or brokers. Defines for cause under this provision to mean the dealer's sale or lease of motor vehicles to individuals identified on a list of known motor vehicle exporters or brokers previously provided by or posted on a website made accessible to the dealer by the manufacturer, factory branch, distributor, or distributor branch.

Adds to the proposed changes to GS 20-305.7, establishing that the dealer's data contained in or on a dealer management computer system owned or leased by a dealer located in the State is the sole and exclusive property of the dealer. Defines dealer data and dealer's data to mean information or other data that has been entered or stored on the dealer's dealer management computer system by an officer, employee, or contractee of the dealer, whether stored or hosted on-site at a dealer location or on the cloud, or at any other remote location, that relates to one of the 13 subjects; excludes proprietary software of the dealer management computer system provider. Further modifies one of the three conditions that must be met in order to avoid voiding the requirement to include that the dealer is either permitted to restrict the data fields that may be accessed in the dealer's dealer management computer system (was, dealer's computer system), or the dealer is allowed to provide the same data or information by furnishing the data in a widely accepted file format. Now makes it unlawful for any manufacturer, factory branch, distributor, or distributor branch to fail or refuse to provide dealer notice, in a standalone written document, at least 45 days (was, at least 60 days) before making any changes in any of the dealer or customer data the dealer is required to share. Makes clarifying changes.

Consolidates and modifies the prohibitions established in proposed GS 20-305.7(b1) (applicable to any manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or any third party with access to a dealer management computer system) and (b2) (applicable to any dealer management computer system vendor or other third party who has access to any dealer management computer system). Now, makes it unlawful for any dealer management computer system vendor or any third party with access to a dealer management computer system to (1) take any action that would prohibit or limit a dealer's ability to protect, store, copy, share, or use any customer or dealer information maintained in a dealer management computer system used by a new motor vehicle dealer located in the state; (2) access, use, store, or share any dealer data from a dealer management computer system in any manner other than by express written agreement; (3) fail to provide the dealer with the option and ability to securely obtain and push dealer data to third parties; (4) fail to promptly provide a dealer a written listing of all entities with whom the dealer's data is shared currently and over the preceding three years upon request; (5) fails to allow a dealer the ability to verify the data from the dealer's dealer management computer system provided or shared with third parties; (6) fail to allow and facilitate a dealer to audit the dealer management computer system and any specific data fields and data obtained or obtainable from its system; and (7) fail to promptly facilitate the transfer of the dealer's data maintained on its dealer management computer system to another system vendor in a secure, usable manner upon the dealer's written request any contract or agreement regarding the hardware or software related to the dealer's dealer management computer system, or hold the dealer responsible for fees in excess of reasonable charges incurred in the transfer. Specifies that service providers are permitted to recoup development costs incurred to provide the services involved and to make a reasonable profit on the service provided concerning transfers and access to information.

Further amends GS 20-308.1 concerning when a cognizable injury to the collective interest of the members of the motor vehicle or motorcycle association is deemed to have occurred when a manufacturer, factory branch, distributor, or distributor branch doing business in this state engages in any conduct or takes action that has harmed or would harm or which has or would affect either (1) the majority of its franchised new motor vehicle dealers in the State, or (2) a majority of all franchised new motor vehicle dealers in the State (previously provided for the affect of all or a substantial number of franchised new motor vehicle dealers in the State). Establishes that a court's declaratory ruling on the Article's applicability to or interpretation of the rights and obligations of one or more manufacturers or dealers is collateral estoppel in any subsequent civil action or

administrative proceeding involving the same manufacturer(s) or the same dealer(s) on all issues of fact and law decided in the original civil action in which the association was a party.

H 479 (2019-2020) **STUDY SOLAR FACILITY DECOMMISSIONING RQMTS.** Filed Mar 27 2019, *AN ACT TO REQUIRE THE ENVIRONMENTAL REVIEW COMMISSION TO STUDY MATTERS ASSOCIATED WITH THE DECOMMISSIONING OF UTILITY-SCALE SOLAR PROJECTS, THE SOLID WASTE DISPOSAL TAX, THE PROCESS FOR DEVELOPMENT AND ADOPTION OF GENERAL PERMITS FOR ANIMAL WASTE MANAGEMENT SYSTEMS, AND WAYS TO OPTIMIZE AND MODERNIZE NORTH CAROLINA'S RECYCLING REQUIREMENTS FOR DISCARDED COMPUTER EQUIPMENT AND TELEVISIONS; AND TO MODIFY THE SCOPE OF THE JOINT LEGISLATIVE OVERSIGHT COMMITTEE ON AGRICULTURE AND NATURAL AND ECONOMIC RESOURCES TO SPECIFICALLY INCLUDE OVERSIGHT OF MARINE FISHERIES*

House committee substitute to the 1st edition makes the following changes. Adds the following provisions to the act.

Requires the Environmental Review Commission (ERC) to study the state's solid waste disposal tax, including examining six specified issues. Requires the ERC to report its findings and recommendations to the 2020 Regular Session of the 2019 General Assembly upon its convening.

Requires the ERC to study the Department of Environmental Quality's process for developing and adopting general permits for animal waste management systems for swine, cattle, and poultry operations. Requires the ERC to seek input from specified entities. Requires the ERC to report its findings and recommendations to the 2020 Regular Session of the 2019 General Assembly upon its convening.

Amends GS 120-311 by giving the Joint Legislative Oversight Committee on Agriculture and Natural and Economic Resources power to exercise legislative oversight over the management of marine fisheries in the State by: monitoring and evaluating the programs, policies, and actions of the Marine Fisheries Commission and the Division of Marine Fisheries; reviewing and evaluating existing and proposed statutes and rules affecting the management of marine fisheries; monitoring changes in federal law and court decision affecting the management of marine fisheries; monitoring and evaluating marine fisheries related industries in the state and studying promoting these industries; and studying and other related matters necessary to fulfill this mandate.

Amends GS 113-182.1 to make the Joint Legislative Oversight Committee on Agriculture and Natural and Economic Resources and the Fiscal Research Division responsible for reviewing fishery management plans, instead of the Joint Legislative Commission on Governmental Operations.

Directs the ERC to study ways to optimize and modernize the state's recycling requirements for discarded computer equipment and televisions. Specifies five considerations ERC must address, including the changing waste stream and opportunities for more efficient and effective recycling streams. Requires the Commission to report to the NCGA 2021 Regular Session upon its convening.

Makes conforming changes to the act's titles.

H 575 (2019-2020) **ESTABLISH BIRTH CENTER LICENSURE ACT**. Filed Apr 3 2019, *AN ACT ESTABLISHING A LICENSURE PROCESS AND ANNUAL LICENSE FEES FOR BIRTH CENTERS*.

House committee substitute to the 1st edition makes the following changes.

Makes the following changes to proposed Part 4A to Article 6 of GS Chapter 131E, Birth Center Licensure Act (Act).

Excludes *ambulatory surgical facilities* from the definition of birth center.

Modifies the appointment provisions of NC Birth Center Commission (Commission) members, providing for appointment of six members by the Governor, and the Speaker or the President Pro Tempore from among those elected by the NC Obstetrical and Gynecological Society and the NC Affiliate of the American College of Nurse-Midwives, as specified. Specifies that the seventh member appointed by the Governor must be ineligible for appointment under the other appointment provisions and must have professional experience and familiarity with the administrative aspects of obstetrical care practices and facilities, including birth centers. Establishes four-year terms for members and prohibits serving for more than two consecutive terms. Requires initial appointments be made no later than 60 days after the effective date of the act. Provides for staggered terms. Specifies that partial terms of initial members for staggering member terms do not count as full terms for purposes of the term limitations.

Concerning the Commission's duty to adopt rules establishing birth center licensure requirements, requires the rules to require each licensed birth center to report certain unexpected occurrences and adverse outcomes to the Commission for the Accreditation of Birth Centers and the Department of Health and Human Services (Department) within a timeframe established by the Commission, rather than within 15 days after the occurrence.

Adds a new statute to the proposed Part to authorize the Commission, its members, and staff to release confidential or nonpublic information to any health care licensure board or DHHS personnel with relevant enforcement or investigative responsibilities. Requires the Commission to notify a licensee within 60 days after the information is transmitted and include a summary of the information transmitted. Allows the licensee to request a copy of the information transmitted within 30 days of notification. Prohibits the provision of notice of copies pending ongoing criminal investigation by any law enforcement agency or DHHS personnel with enforcement or investigative responsibility.

Specifies that the act applies to licenses granted one year after the rules promulgated by the Commission are adopted. Directs the Codifier of Rules to notify the Revisor of the effective date of the rules.

Amends GS 136-131, concerning the removal of existing outdoor advertising, by removing from the factors that are to be used to determine just compensation the reasonable expectation of lease renewal for a period in excess of that stated in the lease for original and renewal terms.

Amends GS 136-131.3 by amending one of the requirements to be met when relocating and reconstructing outdoor advertising to provide that the new site can be any area (was, must be any area) within 660 feet of the nearest edge of the right-of-way of a highway within the same zoning jurisdiction or within the same city or county territorial limits if the initial outdoor advertising sign was located in an unzoned area before the relocation (previously did not specify before the relocation). Deletes the provision prohibiting a municipality, county, local, or regional zoning authority, or other political subdivision from regulating or prohibiting any relocation of outdoor advertising that is authorized by the statute. Makes additional clarifying changes.

Amends GS 136-133.1 by making a conforming change by deleting references to points A, B, D, and E, which were removed in the previous edition.

H 704 (2019-2020) **DENTAL BILL OF RIGHTS.** Filed Apr 10 2019, *AN ACT TO CLARIFY CERTAIN PROVIDER AND PATIENT RIGHTS REGARDING HEALTH BENEFIT PLAN CONTRACTS FOR THE PROVISION OF DENTAL SERVICES.*

House committee substitute to the 1st edition makes the following changes.

Deletes proposed GS 58-50-291, which prohibited an insurer providing a health benefit plan for dental services from using more than 25% of its prepaid charges or premiums for marketing and administrative expenses.

Amends proposed GS 58-50-292, by removing the provisions prohibiting insurers who provide health benefit plans for dental services from providing a third party access to a dental provider network contract or information pertaining to discounts for services pursuant to that dental provider network contract. Instead, allows an insurer to grant access to its provider network contract (defined as a contract between an insurer and a dental services provider specifying the rights and responsibilities of the insurer and the provider for delivery of and payment for dental services) to a third party if: (1) at the time the contract is entered into and at the time the contract is renewed, the insurer allows any provider who is part of the carrier's provider network to choose not to participate in third party access to the provider network contract; (2) the insurer includes on its website a listing identifying all third parties who have been granted such access; and (3) the third party accessing the provider network contract agrees to comply with all of the provider network contract's terms. Amends the definition of the term third party by adding that it does not include an employer group or other group for which the insurer provides administrative services. Specifies that the statute does not apply to the assignment of or access to a provider network contract to an entity operating under the same brand licensee program as the contracting entity or any of its affiliates.

Deletes the provisions that removed dental plans from the kinds of insurance not included in the definition of health benefit plan under GS 58-3-200 (miscellaneous insurance and managed care coverage and network provisions) and GS 58-3-190 (coverage required for emergency care).

Amends GS 58-3-200 to prohibit an insurer who has determined that services, supplies or other items are covered under its dental plan from subsequently retracting its determination after the services, supplies, or other items have been provided or reducing payments for a service, supply, or other item furnished in reliance on such a determination, unless the determination was based on a material misrepresentation about the insured's health condition. Defines a pretreatment estimate as a voluntary request for a projection of dental benefits or payment that does not require authorization and a pretreatment estimate for dental services is not considered a coverage determination.

Changes the act's effective date to January 1, 2020 (was, October 1, 2019).

House committee substitute makes the following changes to the 1st edition.

Changes the act's long title. Makes organizational and technical changes.

Eliminates the proposed change to GS 55A-12-02, exempting nonprofits from having to provide notice to the Attorney General of the disposal of assets pursuant to a properly adopted plan of dissolution.

Modifies the proposed changes to GS 131F-3, which increases the minimum total contribution threshold for charitable solicitation licensing requirements from \$25,000 to \$50,000. Maintains existing language which prohibits such organizations from providing compensation to any officer, trustee, organizer, incorporator, fund-raiser, or solicitor (previously removed organizers and incorporators from the prohibition). Now specifies that compensation to any organizer or incorporator does not include professional fees paid to licensed attorneys or accountants. Removes the option to show that the charitable organization has received less than \$50,000 by providing a copy of the message confirming submission of IRS Form 990-N. Modifies the option to show that the charitable organization has received less than \$50,000 by providing a copy of the organization's current year's budget to specify that the budget must have been approved by its governing board.

Changes the effective date of the proposed changes to GS 55A-11-02 and GS 55A-11-09 from October 1, 2019, to the date the act becomes law. Makes technical changes to the effective date provisions.

House committee substitute to the 1st edition makes the following changes.

Makes the following modifications to the proposed changes to Article 7A, NC Innovative School District and Innovation Zones, of GS Chapter 115C.

Modifies the provisions concerning the three proposed lists set forth in GS 115C-75.7 from which the selection of innovative schools is to be based. Regarding the qualifying list, requires the Innovative School District (ISD) Superintendent or a designee to hold a public hearing to share information about the ISD selection process, potential impacts of the designation as an innovative school, potential support and improvement for the school, and any other information deemed necessary by the Superintendent. Requires 10 days' public notice and direct notice to parents of students and employees of the hearing. Regarding the watch list and warning list, requires the local board of education to provide 10 days' notice to the ISD Superintendent of the public hearing and provide the Superintendent with the opportunity to present any part of the presentation at the meeting. Additionally requires the ISD Superintendent to share the same information described for the qualifying list public hearing.

H 869 (2019-2020) **DESIGN-BUILD CLARIFICATIONS**. Filed Apr 16 2019, *AN ACT TO CLARIFY THE DESIGN BUILD AND DESIGN BUILD BRIDGING STATUTES.*

House committee substitute makes the following changes to the 1st edition.

Further amends GS 143-128.1A concerning public design-build contracts. Now defines *licensed subcontractor* to include persons or entities that will be performing work under the design-builder rather than under a licensed contractor, and excludes design professionals or employees of the design builder rather than employees of the licensed contractor. Now defines *unlicensed subcontractor* to include persons or entities that will be performing work under the design-builder rather than under a licensed contractor, and excludes design professionals or employees of the design-builder rather than employees of the licensed contractor (previously also required that an unlicensed subcontractor not be a licensed subcontractor or design professional). Specifies that the scope of the work proposed for a project by an *unlicensed subcontractor* cannot require licensure under Articles 2 or 4 of GS Chapter 87 (regarding plumbing, heating, and electrical contractors). Modifies the changes to the alternative options for the statement a design-builder must include in its response to a governmental entity's request for qualifications as follows. Now allows for the governmental entity's request for qualifications to specify which of the statement options the design-builder is to include. Provides that the statement can consist of either option if the governmental entity does not specify which the design-builder must provide. Makes conforming changes. Modifies the second option to now prohibit the design-builder from entering into negotiated contracts with first-tier subcontractors (previously allowed the design-builder to enter into negotiated subcontracts with those listed licensed or unlicensed subcontractors in lieu

of bidding the scope of work that would otherwise be performed by the identified licensed or unlicensed subcontractors). Specifies that the design-builder's certification regarding each design professional's competence and qualifications is to be included in the response to the request for qualifications.

Further amends GS 143-128.1B concerning public design-build bridging contracts. Excludes from the design criteria package the costs of the subcontractor work. More specifically requires the governmental entity's request for proposal to include a statement requiring each design-builder to submit in a separate sealed envelope contemporaneously with the response to the RFP, the design builder's fixed fees for designing and constructing the project in accordance with the requirements set out in the request criteria and the terms and conditions in the form of the contract, separately listed as previously specified. Specifically excludes the costs of the subcontractor work from the statement.

Senate committee substitute to the 1st edition makes the following changes to proposed Article 4, North Carolina Servicemembers Civil Relief Act, of GS Chapter 127B.

Now defines *military service* to include State active duty under an order of the Governor pursuant to GS Chapter 127A rather than GS Chapter 127B for a period of more than 30 consecutive days for members of the North Carolina National Guard.

Concerning the state policy established to prohibit penalizing servicemembers who terminate certain service contracts after the servicemember receives an order to relocate for a period of military service to a location that does not support the contract, specifies that the service provider determines whether the location supports the contract. Now requires the servicemember's notice of termination to state the effective date of the termination. Requires service providers to give the servicemember written, electronic, or oral notice of the servicemember's rights upon termination of the contract (was, written or electronic notice of the rights posted on the National Guard's website).

Eliminates the proposed prohibition against evicting a servicemember while the member is engaged in military service or within 14 days after service terminates. Eliminates the proposed provision that held a servicemember not liable for any penalty or fee arising from failure to vacate a residence if service prevents the member from removing possessions from the residence. Concerning allowing a lease agreement expiring while the member is engaged in military service to be extended by the member to terminate 10 days after the members's service terminates, requires the servicemember to provide written or electronic notice to the landlord or the landlord's representative prior to extending the lease. Limits the scope of proposed provisions regarding residential lease agreements and penalties and fees to servicemembers on active duty under an order of a US Governor for any period of time, who is current on all rents and security deposits and in good standing regarding the lease. Specifies that the statute does not relieve the servicemember of the obligation to pay rent, fees, dues, or other monies required in the lease agreement on time and in full.

Makes knowing violations of the Article an unfair or deceptive trade practice (previously did not specify a mental element).

Senate committee substitute to the 1st edition makes the following changes.

Amends GS 14-4, by adding that on or after December 1, 2020, no person who violates an ordinance of a county, city, town, or metropolitan sewerage district is guilty of a crime. Allows, however, criminal penalties to be imposed by a specific and explicit act of the NCGA for such violations if the prohibited conduct is defined in GS Chapter 14, Chapter 20, or Article 5 of GS Chapter 90. Specifies that nothing in the statute prohibits a county, city, town, or metropolitan sewerage district from imposing civil penalties for the violation of any ordinance under GS 153A-123, GS 160A-175, or GS 162A-81, all of which concern the enforcement of ordinances.
