Amends GS 153A-145.5 to declare null and void any county policy, ordinance, or procedure that limits or restricts the enforcement of federal immigration laws to less than the full extent permitted by federal law (previously prohibited a county from having in effect any such policy, ordinance, or procedure). Amends GS 160A-205.2 to declare null and void any city policy, ordinance, or procedure that limits or restricts the enforcement of federal immigration laws to less than the full extent permitted by federal law (previously prohibited a city from having in effect any such policy, ordinance, or procedure). Gives the General Court of Justice jurisdiction to enter mandatory or prohibitory injunctions to enjoin violations of the statute. Adds that any person may bring an action seeking an injunction. Provides that the plaintiff does not need to allege or prove special damage different from that suffered by the public at large; it is also not a defense that there is an adequate remedy at law. Sets out additional requirements of the injunction. Requires that these actions be set down for immediate hearing with subsequent proceedings in those actions given priority by the trial and appellate courts. Allows recovery of reasonable attorneys' fees in any action in which a party successfully obtains injunctive relief. H 217 DIT CHANGES.-AB Filed Feb 27 2019, *AN ACT TO MAKE MISCELLANEOUS AND TECHNICAL CHANGES TO THE STATUTES RELATING TO THE DEPARTMENT OF INFORMATION TECHNOLOGY; AMEND VARIOUS STATUTES RELATING TO STATE AGENCY CYBERSECURITY; AND AMEND VARIOUS STATUTES RELATING TO THE EMERGENCY TELEPHONE SERVICE AND THE 911 BOARD.*

Senate committee substitute to the 4th edition makes the following changes.

Adds to the proposed changes to GS 143B-1362 to require written approval of the Department of Information Technology (previously, also required approval of the Office of State Budget and Management) for the establishment or renewal of information technology personal service contracts.

Modifies the proposed changes to GS 143B-1353 to maintain the existing prohibition against the State Chief Information Officer (State CIO) or a deputy, or any other policy-making or managerially exempt personnel from being financially interested in information technology or its sourcing (was previously eliminated). Maintains the proposed elimination of the provision prohibiting the acceptance of bribes and the substitute provision subjecting all Department of Information Technology (DIT) employees to GS 133-32 (which regulates gifts and favors for public works contractors). Makes organizational changes.

Adds to the proposed changes to GS 143B-1379, regarding required information principal department heads and councils of state must provide the State CIO. Exempts military personnel with a valid secret security clearance or a favorable Tier 3 security clearance investigation from the required criminal background reports for an agency's designated liaison in the information technology area.

Amends the proposed changes to GS 143B-1400. Includes in the definition of *911 State Plan* the aggregation and sharing of call talking data, resources, procedures, standards, and requirements to improve emergency response and implementation of an NG911 network (previously, did not specify call talking). Adds to the definition of *agent* an authorized person who has one or more roles for a communications service provider. Maintains the existing definition of *CMRS provider* (previously, amended to refer to a service provider rather than an entity). Maintains the existing definition of *FCC Order* (previously, amended).

Modifies and adds to the proposed changes to GS 143B-1402, regarding the powers and duties of the 911 Board (Board). Eliminates the proposed provisions added to the duty to administer the 911 Fund and the monthly 911 service charge, concerning the Board's adoption of related policy and procedures. Instead, adds a separate subsection to require the Board to determine its policies, procedures, and rules for execution of its powers and duties by majority vote. Also requires the Board to provide the Executive Director with the policy, procedure, or rule for execution. Establishes that no individual Board member has the responsibility or authority to give operational directives to any Board employee other than the Executive Director. Regarding the duty to set operating standards for PSAPs (public safety answering points) and backup PSAPs, removes the explicit inclusion of minimum staffing standards. Makes further clarifying and technical changes. Requires the Board to

collect, manage, and analyze call taking data that is delivered to the State ESInet for use by the Board in performing call analytics and call routing (was, to collect and distribute data and to PSAPs and communications service providers).

Eliminates the proposed changes to GS 143B-1403 regarding service charges for 911 service. Requires the revenues of service charges to (1) ensure the full cost recovery for communications service providers over a reasonable period of time and (2) fund allocations under GS 143B-1404, as enacted, for monthly distributions to primary PSAPs and for the State ESInet (substantively similar to the previously proposed changes to subsection (d)).

Modifies the proposed changes to GS 143B-1404, concerning the 911 Fund, to provide that the 911 Board must set the rate at an amount that enables the Board to ensure funding is adequate to meet its duties (previously, referred to setting the service charge rather than the rate).

Modifies the proposed changes to GS 143B-1405 to maintain the existing terminology, referencing enhanced 911 service.

Makes organizational changes to the proposed changes to GS 143B-1406, regarding distribution of 911 Fund funds to PSAPs.

Further amends GS 143B-1409, no longer qualifying the specified conditions of the provision of enhanced 911 service by a CMRS (Commercial Mobile Radio Service) provider in accordance with the FCC Order. Similarly, maintains existing terminology, referencing enhanced 911 service.

Amends GS 58-31-60 to establish that each payroll unit is entitled to the number of payroll deduction slots it needs to be used for payment of insurance premiums for products selected by the Employee Insurance Committee and offered to the employees of the payroll unit (previously, units were entitled to at least four payroll deduction slots).

No longer deletes the language in GS 7A-346.2(c) that required the Administrative Office of the Courts to report to the specified NCGA entities on remanded cases in which the defendant withdraws an appeal for trial de novo in superior court and the superior court judge has signed an order remanding the case to the district court.

No longer deletes the language in GS 7A-350 which required the Administrative Office of the Courts to report to specified NCGA entities on judicially granted waivers of criminal court costs.

Eliminates the proposed changes to GS 105A-8 in Part III of the act, which required a request for a hearing on a contest claim of the Judicial Department to be filed within 60 days of the Department mailing the debtor notice of the proposed setoff and deemed a judicial official's order prima facie evidence that an issue has been litigated. Instead, amends GS 105A-8 to require contested claim hearings for any unit of the Judicial Branch to be conducted in accordance with the administrative procedures approved by the AOC Director and the Director of Indigent Defense Services. Establishes original jurisdiction for clerks of superior court where a judgement has been docketed to hear a contest claim and not transfer the matter to district or superior court. Amends GS 105A-9 to entitle a party to appeal to superior court for a hearing de novo within 10 days of an order of the clerk of superior court, the AOC Director or a designee. Limits the special proceeding to one vehicle (previously, allowed for the special proceeding to include more than one vehicle so long as the proceeds of the each sale were only subject to valid claims). Applies to applications filed on or after December 1, 2019.

Part III

Further amends GS 7A-20 to make the language gender neutral.

Clarifies that the proposed changes to Section 8.2 of SL 2018-40, effective January 1, 2019, are effective retroactively.

Excludes from consideration persons determined by the judge to be an organizer or supervisor in a continuing criminal enterprise. Amends GS 90-95(h)(5) to add reference to new subdivision (5a) and makes one change to add a gender-neutral term.

Amends GS 90-95 to add new subsection (j) requiring the Administrative Office of the Courts to publish annually online a report of the number of sentences modified under GS 90-95(h)(5a) for the prior calendar year, beginning on December 1, 2020.

Allows a person serving an active sentence imposed for a violation of GS 90-95(h) or conspiracy to commit a violation under GS 90-95(i) committed before the act's effective date to file a motion for appropriate relief for a modification of the person's sentence. Directs persons currently serving an active sentence solely for a violation of GS 90-95(h) or (i) for drug trafficking or conspiracy to commit drug trafficking may seek a modification of their sentence by filing a motion for appropriate relief (MAR) within 36 months of the act's effective date. Requires courts to direct the state to respond within 60 days of the date of filing and to hold any necessary hearings within 180 days.

The above provisions are effective December 1, 2019.

Requires the Department of Information Technology (Department), Government Data Analytic Center, and the Administrative Office of the Courts to conduct a statewide study to identify the criminal justice data elements currently collected and maintained by jail, courts, and prisons in order to (1) identify gaps in data and accessibility of data for research purposes and for use by judicial officials and other stakeholders and (2) identify solutions for improving availability and accessibility of data to inform public policy through an integrated tool or other system. Allows the Department to seek input from specified entities and stakeholders. Sets out seven issues that must be examined in the study, including (1) the data elements currently being collected by each local and regional detention facility with regard to each individual admitted to jail and each facility's operation and the current system for collecting, recording, maintaining, and searching these data elements; (2) the data elements needed for policymakers to understand the criminal justice system, including the demographics, reasons for involvement, and outcomes for individuals involved in the system at the county and statewide levels; and (3) a review of best practices of other states that collect local-level criminal justice data and integrate them with data from the court system and other state systems. Requires a report to the specified NCGA committees by March 15, 2020.

H 575 (2019-2020) [ESTABLISH BIRTH CENTER LICENSURE ACT](#). Filed Apr 3 2019, *AN ACT ESTABLISHING A LICENSURE PROCESS AND ANNUAL LICENSE FEES FOR BIRTH CENTERS*.

House committee substitute to the 2nd edition makes the following changes.

Makes the following changes to proposed Part 4A to Article 6 of GS Chapter 131E, Birth Center Licensure Act (Act).

Changes the effective date of the offense created by the Part making it unlawful for any person to resist proper entry by DHHS representatives upon any premises other than a private dwelling. Makes the offense effective December 1, 2019 (was, July 1, 2019), and applicable to offenses committed on or after that date.

Modifies the appointment provisions of NC Birth Center Commission (Commission) members, clarifying the appointment of members by the General Assembly upon the respective recommendations of the Speaker and the President Pro Tempore from among those elected by the NC Obstetrical and Gynecological Society and by the North Carolina Affiliate of the American College of Nurse-Midwives. Provides for vacancies to be filled in the same manner as the original appointment, except that unexpired terms which were legislatively appointed must be filled in accordance with GS 120-122, which (previously, provided for the executive committee of specified organizations to fill vacancies until the organization nominates a member to fill the vacancy at its next meeting).

Eliminates the provisions requiring the Commission to notify a licensee within 60 days after confidential information is transmitted and include a summary of the information transmitted; requiring the Commission to allow the licensee to request a copy of the information transmitted within 30 days of notification; and prohibiting the provision of notice of copies pending ongoing criminal investigation by any law enforcement agency or Department of Health and Human Service (DHHS) personnel with enforcement or investigative responsibility.

Changes the effective date of the licensure requirements, adverse action provisions, and service limitations from July 1, 2019, to one year after the rules promulgated by the Commission are adopted. Concerning licensure requirements, raises the nonrefundable annual license fee to \$400 (was, \$100) and adds a nonrefundable annual pre-birthing room fee of \$17.50. Adds new provisions to allow currently operating and accredited birthing centers to continue operations as the Commission is constituted and promulgates permanent rules. Requires those operating birth centers to submit completed applications and requisite fees to the Division of Health Service Regulation within 90 days of the effective date of the Commission's permanent rules regarding licensure applications. Requires the application and fee to be received or postmarked no later than 90 days after the rules are adopted. Concerning adverse actions on a license, authorizes the DHHS Secretary or a designee (previously, only the Secretary) to suspend the admission of any new patients to a birth center if the birth center conditions are detrimental to the health or safety of any patient (was, for substantial noncompliance with the provisions of new Part 4A or related rule and dangerous to any patient; also, previously authorized the Secretary to suspend services of the birth center). Eliminates the

factors the Secretary was required to consider before suspending admissions. Establishes that the suspension is effective until the Secretary or a designee is satisfied that the conditions or circumstances merit its removal. Further, clarifies that this authority is in addition to the authority to suspend or revoke the license of the birth center.

Adds a new statute to the Part to make it a Class 3 misdemeanor to operate a birth center without a license, punishable by a fine of up to \$50 for the first offense and up to \$500 for each subsequent offense. Specifies that each day of continuing violation after conviction is considered a separate offense. Effective one year after the rules promulgated by the Commission are adopted.

Adds a directive for DHHS to develop a birth center licensure application consistent with the Part's requirements and make it available upon the adoption of the rules by the Commission.

Makes further clarifying and technical changes. Changes the act's effective date to the date the act becomes law (was, July 1, 2019), except as otherwise provided.

Senate committee substitute to the 4th edition makes the following changes.

Eliminates the proposed changes to GS 136-127, regarding state policy on outdoor advertising.

Eliminates the proposed changes to the definition of *State law* set forth in GS 136-128, and instead maintains the existing definition.

Modifies the requirements set forth in proposed GS 136-131.3 that must be met of outdoor advertising signs legally existing but that would not be conforming to customary use if relocated on the same sign location or site, to no longer prohibit the outdoor advertising sign from being converted to an automatic changeable facing sign when relocated on the same sign location or site. Establishes three new parameters for the relocation of an outdoor advertising sign: (1) prohibits a sign not located within a view corridor, as defined, prior to relocation from being relocated into a view corridor without municipal approval; (2) permits signs previously located within a view corridor to be relocated within the same view corridor; and (3) permits a sign relocated under subsection (a) to be relocated within a five-mile radius from the existing sign location if a municipality has established a view corridor, subject to the requirements of subsection (a) (concerning legally erected signs permitted to be relocated and reconstructed if located on property acquired by a public or private condemner who requires removal).

Modifies proposed GS 136-131.5 by eliminating the 30-day period given to the Department of Transportation to make a final determination on the relocation and reconstruction of an outdoor advertising sign proposed to be relocated to a site located five miles or less from the perimeter boundary of a military base.

House committee substitute to the 1st edition makes the following changes.

Modifies and adds to the proposed changes to GS 20-16 (Authority of Division to suspend license) as follows.

Amends subsection (a) to now provide that a licensee retains his or her license when the Division of Motor Vehicles (DMV) suspends the license without a preliminary hearing and the licensee requests a hearing before the effective date of the suspension (previously, applied to revocations). Provides for the licensee to retain the license unless the license is revoked or suspended (was, revoked) under another law, until the hearing is held, the person withdraws his or her request for a hearing, or he or she fails to appear at the scheduled hearing.

Makes organizational and clarifying changes to the proposed changes to subsections (c) and (d). Amends subsection (c) to limit the authority of the DMV to substitute a probation period of up to one year for suspension or for any unexpired period of suspension under subdivisions (a)(6) through (a)(8b) (was, (a)(1) through (a)(10a); subdivisions (a)(6) through (a)(8b) concern fraudulent use of the license, commission of offenses in other states warranting suspension or revocation, conviction of illegal transportation of alcohol, conviction of impaired instruction, and conviction of military installations constituting impaired driving with related driving privileges suspended or revoked). Prohibits the DMV from substituting a period of probation for suspension or for any unexpired period of suspension if the license was suspended pursuant to subdivisions (5), (9), (10), or (10a) of subsection (a) (previously, qualified the prohibition to such substitution before the licensee completes the driver retraining course established in accordance with subsection (d1) of the statute). Makes conforming changes. Further amends subsection (d) to require the DMV to either rescind or extend the suspension of a licensed suspended pursuant to subdivisions (a)(6) through (a)(8b) upon the hearing (previously, not restricted to specific suspensions).

Modifies proposed subsection (d1). Now limits the scope of the driver training course required to be established by the DMV to benefit licensees who have had their licenses suspended pursuant to subdivisions (5), (9), (10), or (10a) of subsection (a) (previously, also included those placed under probation under those provisions). Regarding the waiver of course fees, now requires the driver to provide satisfactory documentation establishing that the driver receive public assistance or has a judicial determination of indigence made within two years of the date of the course (was, more generally a prior judicial determination of indigence).

Senate amendment to the 1st edition makes the following change.

Deletes the proposed changes to GS 22B-1, and instead amends the statute to provide the following. Renders provisions in or in connection with a construction agreement or design professional agreement void and unenforceable if it requires a promisor to indemnify or hold harmless the promisee, or its agents, against liability claims for damages for liabilities arising out of bodily injury to persons or damage to property proximately caused by or resulting from the negligence of the promisee or its agents (previously, voided specified construction promises or agreements). Similarly, renders provisions in or in connection with a construction agreement or design professional void and unenforceable if it requires the promisor to indemnify or hold harmless the promisee, or its agents, against losses, damages, or expenses, unless the fault of the promisor or its derivative parties is a proximate cause of the loss, damage, or expense indemnified. Provides that these provisions do not exclude from any enforceable indemnity or hold harmless provisions attorneys' fees, litigation or arbitration expenses or court costs actually incurred by the promisee to defend against third party claims, if the fault of the promisor or its derivative parties is a proximate cause of the attorney's fees litigation or arbitration expenses or court costs to be indemnified.

Additionally, renders provisions in or in connection with a construction agreement that includes design professional services or a design professional agreement void and unenforceable if it requires a design professional to defend a promisee or its agents, or any other person or entity, against liability or claims for damages or expenses, including attorney's fees, proximately caused or allegedly caused by the professional negligence of the promisor, the promisee, or other derivative parties.

Maintains that the statute does not affect an insurance contract, workers' compensation, or any other agreement issued by an insurer. Eliminates the exemption for promises or agreements under which a public utility is an indemnitee, and contracts entered into by the Department of Transportation under GS 136-28.1. Exempts from the statute lien or bond claims asserted under GS Chapter 44A, Statutory Liens and Charges.
