H 404 (2021) [LTD. IMMUNITY FOR PSAP/TC FOR S.L. 2021-171. \(NEW\)](#) Filed Mar 24 2021, *AN ACT PROVIDING THAT PUBLIC SAFETY ANSWERING POINTS, REGIONAL PUBLIC SAFETY ANSWERING POINTS, AND THEIR EMPLOYEES AND AGENTS AND EMPLOYEES OF LAW ENFORCEMENT AGENCIES ARE NOT LIABLE FOR DAMAGES IN A CIVIL ACTION EXCEPT IN CASES OF GROSS NEGLIGENCE AND WANTON OR WILLFUL MISCONDUCT OR WHEN THERE IS APPLICABLE INSURANCE COVERAGE AND MAKING TECHNICAL CORRECTIONS TO S.L.8 2021-171, THE NO PATIENT LEFT ALONE ACT.*

Conference report #2 makes the following changes to the 3rd edition.

Further amends GS 143B-1413, making organizational changes to distinguish the limitations on liability granted to a communications service provider, a 911 system provider or next generation 911 system provider, from that proposed to be extended to a public safety answering point (PSAP) or regional PSAP, their employees and agents, and employees of a law enforcement agency who are certified by the North Carolina Sheriffs' Education and Training Standards Commission. Now establishes limited liability for a PSAP, regional PSAP, their employees and agents, and employees of a certified law enforcement agency for any damages in a civil action resulting from death or injury to a person or from damage to property incurred by any person in connection with implementing, maintaining, or operating the 911 system (previously, also extended to developing and adopting the 911 system, now only included in the limited liability provided for communications service providers, 911 system providers, and next generation 911 system providers), or in complying with emergency-related information requests from State or local government officials (now only explicitly included in the limited liability provided for PSAPs, regional PSAPs, and employees of certified law enforcement agencies). Adds to the exceptions to the limitation on liability granted to PSAPs, regional PSAPs, their employees and agents, and employees of a law enforcement agency, cases of gross negligence by the individual. Makes the proposed list of call taking functions covered limited to the immunity granted to a PSAP, regional PSAP, or employee of a certified law enforcement agency. Makes the existing list of applicable acts or omissions applicable to a communications service provider, a 911 system provider or next generation 911 system provider applicable only to a PSAP, regional PSAP or employee of a certified law enforcement agency. No longer specifically includes the use or provisions of 911 service, E911 service, or next generation 911 service. Adds a new subsection waiving the limited liability granted to a PSAP, regional PSAP, their employees and agents, and employees of certified law enforcement agencies to the extent a liability insurance policy provides coverage applicable to claims against a PSAP, regional PSAP, their employees or agents (other than communication service providers, 911 service providers, or next generation 911 system

providers), or employees of a certified law enforcement agency. Adds that the limited liability granted to a PSAP, regional PSAP, their employees and agents, and employees of a certified law enforcement agency does not bar coverage under any applicable liability insurance policy to the named entities listed under the new waiver provision.

Adds to the following statutes enacted by SL 2021-71, which require licensed hospitals, nursing or combinations homes, hospice care facilities, adult care homes and special care units, and residential treatment facilities to allow compassionate care visits, to condition the mandate to allow such visits upon the rules, regulations, or guidelines adopted by either the Centers for Medicare and Medicaid Services or the Centers for Disease Control and Prevention or any federal law: GS 131E-79.3; GS 131E-112.5; GS 131E-207.5; 131D-7.5; and GS 122C-32. Makes further technical corrections. Effective November 1, 2021.

Makes conforming changes to the act's titles.

Conference report #1 was withdrawn on 9/15/2021.

H 814 (2021) [NEIGHBORHOOD OCCUPANTLESS VEHICLE](#). Filed May 4 2021, *AN ACT TO AUTHORIZE THE OPERATION OF NEIGHBORHOOD OCCUPANTLESS VEHICLES*.

Senate amendment amends the 2nd edition as follows.

Revises proposed GS 20-121.2 (Operation of a neighborhood occupantless vehicle on certain roadways; regulations; equipment requirements) as follows. Requires neighborhood occupantless vehicles (rather than their operators) to turn off the roadway to a controlled stop to allow faster moving vehicles to pass as previously described. Modifies the terminology used in subsection (b), setting out equipment exemptions, to refer to fully autonomous vehicles (rather than neighborhood occupantless vehicles) designed to be operated exclusively and at all times by an automated driving system.

Changes the act's effective date from October 1, 2021, to December 1, 2021.

EXPAND THE USE OF IGNITION INTERLOCK SYSTEMS.*

Conference report makes the following changes to the 4th edition.

Makes organizational changes, placing the previous content of the act into Part I., with the following modifications.

Makes a technical change to the repeal of subsection (c1) of GS 20-179.3, regarding privilege restrictions for high-risk drivers, and changes the effective date of that repeal to December 1, 2021 (was, June 1, 2022).

Makes a clarifying change to GS 20-17.8(j), regarding the right to a hearing before the Division of Motor Vehicles (DMV) prior to revocation of a license for a period of one year following a violation of a restriction under the statute.

Further amends GS 20-19(c5), now providing that a mandatory revocation under GS 20-16.2(c1) for refusal to submit to chemical analyses is effective on the 30th rather than the 10th calendar day after the DMV mails the revocation order to the person, following the DMV's receipt of a properly executed affidavit required by law. Makes further technical changes and makes language gender-neutral.

Makes technical and conforming changes to the effective date provisions.

Part II. adds the following new content.

Makes the following changes to GS Chapter 14, as amended by SL 2021-138.

Amends GS 14-208.40 to revise the three categories of offenders for which the Division of Adult Correction and Juvenile Justice of the Department of Public Safety (Division) is required to establish and create guidelines for a sex offender monitoring program (program). Revises the criteria for the three categories of offenders described to require that the offender require the highest possible level of supervision, as determined by a court (previously, required that, based on the Division's risk assessment program, the offender require the highest possible level of supervision).

Amends GS 14-208.40A, regarding risk assessments required to be completed and reported to the court by the Division for certain offenders, to allow the Division to use a risk assessment of the offender done within six months of the date of the hearing for a determination of a monitoring requirement for the offender. Now allows the court to determine whether the offender requires the highest possible level of supervision and monitoring based on all relevant evidence, rather than the Division's risk assessment only.

Amends GS 14-208.40B, regarding the determination of monitoring requirements in certain circumstances, to repeal repetitive language that mirrors the parameters set forth in GS 14-208.40A, as the statute states that the court must follow the procedures of GS 14-208.40A, as amended, in conducting a hearing under the statute and making its findings.

Amends GS 14-208.43, now allowing for any offender ordered on or after December 31, 2021, to enroll in monitoring to petition for termination or modification of the monitoring requirements five years after initial enrollment (previously, limited to offenders who meet one of two descriptions set forth in GS 14-208.40(a)(1) or (a)(3), explicitly barring offenders described in GS 14-208.40(a)(2), with no regard to when the offender was ordered to enroll, so long as the waiting period was satisfied). Concerning the court's authority to grant the petition, order continued enrollment, or order termination of the requirement, now refers to the time period initially ordered (rather than referring to a time period of up to 10 years). Makes conforming changes. Effective December 1, 2021, and applies to any individual ordered to enroll in satellite-based monitoring on or after that date.

Amends GS 14-208.46, as enacted by SL 2021-138, regarding petitions for termination or modification of monitoring requirements for offenders enrolled for life. Now allows any offender ordered prior to December 1, 2021, to enroll for a period longer than 10 years to file a petition (replacing the "life" terminology), no longer specifying that the petition may be filed after five years of initial enrollment. Maintains that the court has no authority to terminate monitoring requirements for an offender prior to 10 years of enrollment. Effective December 1, 2021, and applies to any individual ordered to enroll in satellite-based monitoring prior to that date.

Amends GS 15A-1343, GS 15A-1343.2, GS 15A-1368.4, and GS 15A-1374, regarding monitoring as a condition of probation, to limit such a condition to the offender requiring the highest possible level of supervision and monitoring based on a court's determination, rather than the Division's risk assessment program.

Makes technical changes to the effective date provisions of SL 2021-138, set forth in Section 18(p). Makes subsection (h) of Section 18, which amends GS 14-208.43, apply to any individual ordered to enroll in monitoring on or after December 1, 2021 (was, applicable to monitoring determinations made on or after that date). Makes subsection (i) of Section 18, which enacts GS 14-208.46, apply to any individuals ordered to enroll in monitoring pursuant to a court order issued prior to December 1, 2021 (was, applicable to individuals required to enroll in monitoring for life on or after that date).

Amends GS 14-27.23 and GS 14-27.28, regarding convictions for statutory rape or statutory sexual offense, to make the individual subject to enrollment in satellite-based monitoring as provided in Part 5 of Article 27A of the Chapter, as amended (previously, required the person to be enrolled for life pursuant to Part 5 of Article 27A).

Makes the above provisions effective December 1, 2021, and applies to satellite-based monitoring determinations on or after that date.

Amends GS 15A-601, which requires a first appearance before a district court judge to be held within 72 hours after the defendant is taken into custody or at the first regular session of the district court in the county, whichever occurs first. Adds an exception for instances in which the courthouse is closed for transactions for a period longer than 72 hours to allow for the first appearance to be held within 96 hours after the defendant is taken into custody or at the first regular session of the district court in the county, whichever occurs first. Makes conforming changes regarding the clerk of superior court's authority to conduct a first appearance. Makes conforming changes to GS 15A-534(d2) regarding required findings by a judicial official to retain a defendant in custody. Effective December 1, 2021, and applies to criminal processes served on or after that date.

Part III. adds the following new content.

Amends the following statutes to replace the term "sheriff's department" with "sheriff's office:" GS 7B-500, GS 17C-2, GS 17E-4.1 (makes further technical changes), GS 17E-7, GS 18B-501, GS 58-32-1, GS 68-20, GS 90-95.2, GS 132-1.4, and GS 143B-216.34.
