H 607 (2021) [SUSPEND AUTOMATIC EXPUNCTION. \(NEW\)](#) Filed Apr 20 2021, *AN ACT TO SUSPEND THE AUTOMATIC EXPUNCTION OF DISMISSED CRIMINAL CHARGES, NOT GUILTY VERDICTS, AND FINDINGS OF NOT RESPONSIBLE AND TO MAKE OTHER CHANGES TO THE EXPUNCTION LAWS.*

Senate amendments to the 4th edition make the following changes.

Postpones the effective date of the temporary suspension for expunctions of dismissed charges, not guilty verdicts, and findings of not responsible by operation of law under GS 15A-146(a4), and related directives to the Administrative Office of the Courts (AOC), from June 15, 2022, to August 1, 2022. Maintains the sunset date of August 1, 2023.

Adds to the directive to AOC to convene a group of stakeholders to examine and make recommendations to resolve the issues with the implementation of automatic expunctions under GS 15A-146(a4) as follows. Requires inclusion of representatives of the State Bureau of Investigation, clerks (in addition to the previously included court personnel), and the Division of Motor Vehicles. Adds new authority to allow the group to consider and recommend solutions for the issues related to expunction records that do not require total destruction of all court files and that would allow access to these particular expunction records by additional parties. Requires AOC to include any action it has taken to make files confidential with its report to the specified NCGA committee, due by March 1, 2023.

Authorizes AOC to make files related to automatic expunction under GS 15A-146(a4) confidential from public record while the temporary suspension is in place if AOC and the stakeholder group determine an appropriate method to make the files confidential without destruction of court files, and while allowing access to necessary parties. Requires AOC to take such action on all files suspended from expunction under the act. Specifies that the act does not authorize expunction under GS 15A-146(a4) while the temporary suspension is in effect.

Adds a new requirement for AOC to expunge all dismissed charges, not guilty verdicts, and findings of not responsible that occurred during the period of suspension that are eligible for automatic expunction under GS 15A-146(a4) within 60 days of the first occurrence of either the repeal or expiration of the suspension.

Senate committee substitute replaces the content of the 3rd edition with the following.

Amends GS 50B-3, authorizing the court to temporarily renew a domestic violence protective order set to expire before the hearing on the motion to renew the order, for a fixed time not to extend beyond the earlier of the date of the renewal hearing or 30 days from the date the order is set to expire, absent the express consent of both parties. Does not allow extension of a temporary award of custody entered as part of the order beyond the maximum one-year period. Requires the clerk to notify the sheriff if a temporary renewal is granted. Applies to pending motions to renew filed before, on, or after December 1, 2022.

Amends GS 50-13.1, concerning actions or proceedings for custody of a minor child, by providing that issues that arise in motions for modifications (removes motions for contempt) as well as in other pleadings must be set for mediation unless the court waives mediation under the statute. Allows custody or visitation issues that arise in motions for contempt or motions to show cause to be set for mediation. Makes conforming changes. Applies to motions filed on or after December 1, 2022.

Changes the act's titles.

H 990 (2021) **MEDICAID HOSPITAL ASSESSMENTS ADJUSTMENTS. (NEW)** Filed May 18 2022, *AN ACT TO MAKE TECHNICAL ADJUSTMENTS TO THE MEDICAID MODERNIZED HOSPITAL ASSESSMENTS AND TO REQUIRE ACTIONS NECESSARY FOR THE ADDITION OF A NEW HOSPITAL ASSESSMENT TO SUPPORT INCREASED MEDICAID REIMBURSEMENTS TO HOSPITALS.*

House committee substitute makes the following changes to the 1st edition.

Revises the proposed changes to the following components of modernized hospital assessments imposed pursuant to Part 2 of Article 7B (previously, erroneously referred to Article 7A), GS Chapter 108A, effective October 1, 2022. Sets the quarterly historical subcomponent of the intergovernmental transfer adjustment component of the modernized hospital assessment for 2022-23 at \$42,017,045 (previously, proposed \$41,193,181 quarterly for 2022-23), with increases in each subsequent State fiscal year thereafter by the market basket percentage.

States legislative intent to assess hospitals for the nonfederal share of a directed payment program, to be called the Healthcare Access Stabilization Program (HASP) for hospital payments enacted by the act. Directs the Department of Health and Human Services (DHHS) to develop a submission of a 42 CFR 438.6(c) preprint to the Centers for Medicare and Medicaid Services (CMS) to request approval for the described hospital payments, with a request for maximum reimbursement permitted under the cited federal law that also ensures the increased reimbursement rate would not have to be reduced in the event the State expanded Medicaid coverage to the individuals described in section 1902(a)(10)(A)(i)(VIII) of the Social Security Act and increased hospital assessments to avoid the need for a State General Fund appropriation to fund the nonfederal share of this coverage. Requires submission of the preprint to CMS within 60 days after the date the act becomes law, and requires DHHS to submit the preprint to the specified NCGA committee and division upon submission to CMS. Requires DHHS to submit CMS approval to the specified NCGA committee and division. Directs DHHS to continue to work to obtain approval for the described maximum reimbursement if CMS denies the initial submission.

Makes the approved hospital reimbursement increase effective upon the enactment of the legislative language necessary to fund, through the hospital directed payment program assessment enacted by the act, the portion of the nonfederal share of the reimbursement increase that will not be funded through intergovernmental transfers. Describes legislative intent to develop such language with stakeholders prior to the 2023 NCGA session, as specified.

States legislative intent, upon approval of the described preprint, to enact a hospital directed payment program under Article 7B, GS Chapter 108A, that meets four listed criteria, to the extent possible, including making the assessment applicable to all private acute care hospitals, and limiting the assessment proceeds and matching federal funds within parameters stated.

Changes the act's titles.

House committee substitute makes the following changes to the 1st edition.

Revises proposed GS 143B-1033, which prohibits employers from discriminating against or taking any adverse employment actions against an employee based on either the employee's membership in the NC Wing-Air Patrol, or the employee's statutorily authorized absence. Changes the meaning of an authorized absence to mean one that is required to perform duties incident to a State approved mission or US Air Force authorized mission, is no longer than seven consecutive scheduled (was, normal) working days for the employee, and which does not exceed 14 total scheduled (was, normal) working day absences for the employee in one calendar year. House committee substitute makes the following changes to the 1st edition.

Narrows the scope of proposed GS 7B-1605, now granting district courts exclusive original jurisdiction over any case involving a juvenile who is alleged to be delinquent (was, delinquent or vulnerable) as the result of an act committed within the boundaries of a military installation of the US Department of Defense that is a crime or infraction under State law (was, a violation of State law) when concurrent jurisdiction has been established pursuant to GS 104-11.1, as amended by the act. Makes conforming changes to the statute's title.

Instead, accounts for state jurisdiction of vulnerable juveniles in such circumstances by expanding the definition of *vulnerable juvenile* under Subchapter II, GS Chapter 7B, which governs undisciplined and delinquent juveniles, to include any juvenile who, while less than 10 years of age but at least 6 years of age, commits an act within the boundaries of a military installation that is a crime or infraction under State law, and who is not a delinquent juvenile.

Removes from the list of repair, maintenance, and installation services and service contracts exempt from sales and use tax under GS 105-164.13(61a), those for an aircraft with a gross take-off weight of more than 2,000 pounds, as such aircrafts are now included in the defined term *qualified aircraft* in GS 105-164.3, as amended by the act, which are exempt from sales and use tax by the same subdivision. House committee substitute to the 2nd edition makes the following changes.

Places the existing content into Section 1 of the act and makes conforming changes. Adds the following new content.

Amends Section 40.1 of the 2021 Appropriations Act, SL 2021-180, as amended by Section 9.1 of SL 2021-189, adjusting the total project authorization amounts listed, as specified, for two capital improvement project codes that were allocated funds from the State Capital and Infrastructure Fund to the Office of State Budget and Management for 2022-2023. Additionally, of the funds allocated to the project code UNC/R&R1, requires the allocation of \$2.5 million to Elizabeth City State University (ECSU) for costs associated with project code UNC/ECS21-3, which is a project code for which the act increases the total authorization amount listed from \$7.5 million to \$15 million. Of the projects listed that the UNC Board of Governors is authorized to use funds allocated for project code UNC/R&R21 in the Section, eliminates Butler Residence Hall Renovations at ECSU, with a projected cost of \$2.5 million, from the list.

Amends Section 40.2, SL 2021-180, to revise the schedule of capital improvement projects that will begin or be completed in fiscal years outside of the 2021-2023 fiscal biennium, with amounts needed for completion of those projects, by adjusting amounts listed for three project codes listed as specified.

Senate amendment to the 1st edition makes the following changes.

Amends the proposed changes to GS 1-310, which revises the procedure for postponing judgement executions. Specifies that executions (was, more specifically, executions against property) must issue in accordance with Rule 62, which provides for an automatic stay of executions when there is a right to appeal. Maintains that executions against property cannot issue until 10 days after entry of judgment.

Further amends the procedure for postponing a sale of real property under a power of sale pursuant to GS 45-21.21, now requiring the person exercising the power of sale to immediately deliver a written notice to the clerk of superior court upon determining that the sale will be postponed pursuant to the statute only, no longer including instances when the sale cannot be held in accordance with the statute. Regarding the procedure for satisfying notice requirements when the clerk's office is closed, adds that if the clerk's office is closed at the time designated for the sale to take place, the requirements related to notice to or filings with the clerk under the statute (was, the requirements under subsection (g)) are delayed until the next day the office is open for transactions.

Section 1

Eliminates the proposed new Article V. added to the Charter of the City of Greenville (City), SL 1981-272, authorizing the City to employ Traffic Crash Investigators.
