H 147 (2023-2024) [IMPAIRED DRIVING LAW REVISIONS](#). Filed Feb 20 2023, *AN ACT TO INCREASE THE RESTORATION FEE FOR DRIVERS LICENSES REVOKED FOR CERTAIN OFFENSES INVOLVING ALCOHOL, TO AMEND THE CRITERIA THAT MUST BE MET FOR A PERSON'S DRIVERS LICENSE TO BE IMMEDIATELY REVOKED FOR AN IMPLIED-CONSENT OFFENSE CHARGE, AND TO INCREASE THE AMOUNT OF THE FEE A PERSON MUST PAY IF THE PERSON'S DRIVERS LICENSE IS IMMEDIATELY REVOKED FOR AN IMPLIED-CONSENT OFFENSE CHARGE.*

Section 1

Amends GS 20-7(i1) of the Uniform Drivers License Act (governing restoration of license fees) as follows. Expands the conditions that trigger an increased driver's license restoration fee from when a license is mandatorily revoked under GS 20-17(a)(2) (mandatory revocation for misdemeanor impaired driving or impaired driving of a commercial vehicle under GS 20-138.1 or GS 20-138.2) to also include when a license is revoked under the following statutory offenses: (1) GS 20-17(a)(12) [second or subsequent convictions of driving with an open container barred under misdemeanor open container laws (GS 20-138.7)]; (2) GS 20-17(a)(13) (second or subsequent conviction of driving a commercial motor vehicle after consuming alcohol under GS 20-138.2A (misdemeanor offense for consuming alcohol and driving a commercial vehicle) if the underlying offense was committed within seven years of the date of the prior offense and that offense resulted in conviction; or (3) GS 20-17(a)(14) (a conviction of driving a school bus, school activity bus, or child care vehicle after consuming alcohol under GS 20-138.2B).

Increases the enhanced restoration fee from \$140.25 to \$250 and changes the distribution of the fee as follows: (1) \$120.00 to the Highway Fund (currently, \$105); (2) \$65 for a statewide chemical alcohol testing program administered by the Department of Health and Human Services (currently, \$25); and (3) \$65 to the county for reimbursing the county for jail expenses incurred due to enforcement of impaired driving laws.

Section 2

Under current law, law enforcement officers may require a person to take a chemical analysis test to detect the presence of alcohol or other impairing substance if the officer has reasonable grounds to believe the person has committed an implied-consent offense. An implied-consent offense under GS 20-16.2 is an offense involving impaired driving, a misdemeanor offense of death by vehicle [governed by GS 20-141.4(a2)], or another alcohol-related offense made subject to GS 20-16.2. The law requires a person's driver's license to be immediately revoked if the person refuses a chemical analysis test or the result of the chemical analysis shows certain impairment levels. Amends GS 20-16.2(a)(4) to remove those stated chemical

analysis levels and refusal to take a chemical analysis test and replaces those conditions with new criteria of judicial determination that there is probable cause for the offense. Replaces references to those same chemical provisions with the new judicial determination of probable cause in the notice requirements to a person requesting a chemical analysis test. Makes other technical changes.

Section 3

Amends GS 201-16.5(b) (setting forth conditions for the immediate revocation of a driver's license for persons charged with implied-consent offenses) to replace the chemical analysis test results as criteria for immediate revocation of a driver's license with new criteria that a judicial officer determines probable cause for the charge. Amends GS 201-16.5(b1) (driver's license revocation when a person requests a chemical analysis) to replace the chemical analysis test results criteria with the new judicial determination of probable cause for the implied-consent charge.

Increases fee from \$100 to \$250 as costs before the return of the revoked license. Makes other technical changes.

Applies to offenses committed after December 1, 2023.

Reduces the allowable blood alcohol content for the following.

Amends GS 20-12.1 to make it illegal to serve as a supervising driver for someone with a learner's permit or provisional drivers license or as an approved instructor after having consumed sufficient alcohol to have, at any relevant time after the driving, an alcohol concentration of 0.05 (was, 0.08) or more.

Amends GS 20-17 to require revoking a driver's license for impaired driving under GS 20-138.2, which prohibits impaired driving by the driver of a commercial vehicle, if the driver's alcohol concentration level was 0.04 (was, 0.06) or higher.

Amends GS 20-138.1 to make a violation of impaired driving if the person has consumed sufficient alcohol that the person has, at any relevant time after the driving, an alcohol concentration of 0.05 (was, 0.08) or more. Make technical and conforming changes. Makes language gender neutral.

Makes conforming changes to the relevant blood alcohol content in: GS 20-16.2 (concerning implied consent to chemical analysis; mandatory revocation of license in event of refusal; right of driver to request analysis); GS 20-16.5 (setting out instances in which a person's driver's license is subject to revocation); and GS 20-139.1 (providing that if a breath sample shows an alcohol concentration of 0.05 (was, 0.08) or more, then requesting a blood sample is in the law enforcement officer's discretion). Makes additional technical changes.

Amends GS 75A-10 to prohibit operating any vessel on the State's waters after having consumed sufficient alcohol that the person has, at any relevant time after the boating, an alcohol concentration of 0.05 (was, 0.08) or more.

Applies to offenses committed on or after December 1, 2023.

H 149 (2023-2024) [REMOTE CHARTER ACADEMIES](#). Filed Feb 20 2023, *AN ACT TO PROVIDE FOR REMOTE CHARTER ACADEMIES AND TO PROVIDE A ONE-YEAR EXTENSION OF THE VIRTUAL CHARTER SCHOOL PILOT PROGRAM*.

Adds new Part 7, Remote Charter Academies, in Article 14A of GS Chapter 115C, providing as follows.

Allows a nonprofit, as a part of an application or modification of a charter, to apply to the State Board of Education (Board) for approval to include a remote charter academy that meets the Part's requirements as part of the nonprofit's charter. Allows a charter that includes a remote charter academy to enroll students for both in-person instruction and in the remote charter academy. Requires the nonprofit to designate which of the following enrollment areas the remote charter academy will use, a statewide remote charter academy that admits students in accordance with charter school admission requirements in GS 115C-218.45, or a regional remote charter academy that admits students only from the county in which the charter school is located and the counties geographically contiguous to that county. Provides that a remote charter academy provides instruction primarily online using a combination of synchronous and asynchronous instruction delivered to students in a remote location outside of the school facility. Allows a remote charter academy to include any combination of grade levels.

Requires parental consent for a student to be assigned to attend a remote charter academy. Requires a remote charter academy to identify characteristics for successful remote learning and establish criteria for admittance, with this information provided to parents. Prohibits denying admission on the basis of disability. Requires an admitted student's IEP team to plan for a successful student entry and for accommodations necessary to provide for a free appropriate public education in the remote charter academy. Allows a charter school providing in-person instruction to reassign a student to in-person instruction if it is determined by the board of directors that in-person instruction would better ensure the student's academic success.

Specifies, that except as provided, a remote charter academy must meet the same requirements as for other charter schools. Requires a remote charter academy to provide enrolled students with (1) needed hardware and software; (2) access to a learning management platform that enables monitoring of student performance and school-owned devices, and allows video conferencing and supervised text-based chat; (3) internet access during instructional hours, evenings, and weekends; (4) technical support during instructional hours; (5) for children with an IEP, adaptive or assistive devices, transportation, and in-person services as required by that program or plan. Allows requiring students to attend in person to fulfill State-mandated student assessments and allows optional in-person meetings between students and instructors or parents and instructors. Requires remote charter academy employees to meet the same licensure and evaluation requirements as required for in-person employees of charter schools. Requires sufficient digital teaching and learning support staff, including specified individuals.

Set out information that a nonprofit seeking to provide a remote charter academy must submit to the Board as part of its application. Requires the Board to review and approve a charter or modification for the creation of a remote charter academy that meets the Part's requirements for a term of five years. Requires approval of at least two statewide remote charter academies.

Requires an approved remote charter academy to adhere to the plan approved by the Board unless the board of trustees obtains a charter modification. Allows applying for renewal of the remote charter academy for additional terms of five years. Requires the Board, in considering a renewal, to consider compliance with this Part and the remote charter academy's success in the prior five years.

Requires the Board to evaluate the success of approved remote charter academies, measured by school performance scores and grades, retention rates, attendance rates, and, for grades 9-12, high school completion and dropout rates. Requires the Board to report annually in November to the specified NCGA committee on the academies and on any recommended statutory changes.

Makes organizational changes to GS Chapter 115C by moving the specified statutes into Part 1 of Article 14A, Governance and Applications for Charter Schools; into Part 2 of Article 14A, Operation of Charter Schools; into Part 3 of Article 14A, Evaluation of Charter Schools; into Part 4 of Article 14A, Funding of Charter Schools; into Part 5 of Article 14A, Reporting on Charter Schools; and into Part 6 of Article 14A, Charter Schools Pre-K Programs.

Amends Section 8.35 of SL 2014-100, as amended, by extending the length of the Board's pilot program that authorizes the operation of two virtual charter schools serving students in K-12 by one year so that it now ends with the 2025-26 (was, 2024-25) school year. Also amends the maximum enrollment of schools participating in the pilot for 2023-24 so that the maximum is the authorized student enrollment for that participating school for the 2021-22 school year plus enrollment growth of up to 20% of that enrollment; provides that for the remaining years of the pilot, the participating schools may increase enrollment in accordance with GS 115C-218.7(b) (which specifies that enrollment growth of greater than 20% is considered a material revision of the charter if the charter is currently identified as low-performing while greater than 30% is considered a material revision of the charter for any charter school that is not identified as low-performing. Prohibits approving a material revision for enrollment growth of greater than 20% for a low-performing charter and allows additional enrollment growth of greater

than 30% for schools that are not low-performing only if specified findings are made.) Amends the provisions governing funding provided to the schools participating in the pilot to: (1) no longer exclude the allocation for low-wealth counties supplemental funding and the allocation for small county supplemental funding from the amount allocated that is based on the average per pupil allocation for average daily membership from the local school administrative unit allotments in which the charter school is located and (2) no longer set the amount of local funds provided to participating schools under GS 115C-218.105(c) at the lesser of \$790 per pupil or the amount computed in accordance with GS 115C-218.105(c). Allows a virtual charter school that participated in the pilot program to be eligible to apply to the Board for a charter renewal as a remote charter academy. Applies beginning with the 2023-24 school year.

Applies to applications for new charters and charter modifications beginning with the 2023-24 school year.
